Natural features

The old-growth redwood forests of Memorial County Park have been favorite camping grounds for generations. This popular park has trails, campsites, group camps, a visitor center, and 499 acres to explore. Acquired by the County in 1924, this is the system's oldest park. It is dedicated to the San Mateo County servicemen who died in World War I.

Memorial County Park

The forests, dominated by coast redwood, also include Douglas fir, madrone, California laurel, buckeye, big leaf maple, and oak trees. Common wildlife in Sam McDonald includes black-tailed deer, raccoons, opossums, foxes, bobcats, woodpeckers, Steller's jays, garter snakes, gopher snakes, and banana slugs.

Much of Sam McDonald Park is very steep. Ferns and other shade-loving plants are found in the lower elevations; the higher-elevation knolls are covered each spring with colorful wildflowers such as sticky monkeyflower, wood rose, and sun cup.

Natural features

Adjacent to McDonald, Heritage Grove is a stunning 37-acre preserve of old-growth redwood forest.

Sam McDonald County Park offers magnificent redwood forests and a ridge with vistas of the Pacific Ocean. The Park, some 850 acres, includes youth camps, an equestrian camp, and a hiker's hut.

Pescadero Creek Park Complex

This vast park complex of 7,086 acres includes Memorial County Park, Sam McDonald County Park, Heritage Grove, and Pescadero Creek County Park. The Memorial Park ranger station serves as headquarters for all four of these parks.

Located in southern San Mateo County, the Pescadero complex includes some of the Santa Cruz Mountain's most stunning redwood forests. The parks offer plenty of campsites and an extensive trail network, and are favorites with campers, hikers, cyclists, and equestrians.

These parks are contiguous with Portola Redwoods State Park, and easily accessible from Highways 1 or 84.

Park hours and use

- Hours** The parks open at 8am. Closing time changes seasonally, and is posted.
- Pets** Pets are not allowed in the parks.
- Fires** Barbeques are allowed only in barbeque pits using charcoal; no portable barbeques. Campers receive campfire instructions upon entering Memorial Park.
- Smoking** No smoking in County Parks, on trails, or at historical sites.

Please protect the parks' natural environment and do not disturb or remove any plants or animals.

This park has the County system's only trail camps. Its rugged beauty offers a true escape. Pescadero Creek Park shares its eastern boundary and a number of trails with Portola Redwoods State Park. The trail network also connects to Big Basin Redwoods State Park, offering the opportunity for several long hikes passing through multiple parks.

With 5,700 acres, Pescadero is by far the County's largest park. Its wilderness includes miles of trails for hikers and equestrians. Cyclists may use a service road, Old Haul Road, which crosses the Park.

In **Heritage Grove**, a network of **trails** winds through the redwoods. Heritage Grove Trail, open only to hikers, can also be admired from vehicles in the parking lot off of Alpine Road, accessible from Pescadero Road.

Groups may reserve any of several **youth camps** or the **Jack Brook Horse Camp** (seasonally). To make reservations for these camps, call 650-363-4021 or visit www.SMCoParks.org.

The Sierra Club **Hiker's Hut** may be reserved by calling the Sierra Club at 650-390-8411 X393.

Several miles of **trails** meander through Sam McDonald Park, offering a range of hikes from one hour to a full day.

Activities and facilities

Located on Alpine Creek, Heritage Grove offers visitors an opportunity to experience the stunning beauty of old-growth coast redwoods. The grove includes what are considered to be among the Santa Cruz Mountain's largest redwoods.

The endangereed marbled murrelet, a small and secretive seabird, nests in the Park. More easily seen are black-tailed deer, raccoons, western gray squirrels, and the occasional coyote and mountain lion.

Natural features

Pescadero Creek County Park includes a diversity of trees including coast redwood, Douglas fir, Santa Cruz cypress, California wax myrtle, tan oak, madrone, California laurel, big leaf maple, canyon live oak, coast live oak, and knobcone pine.

The Park sits atop a deposit of oil and natural gas. Crude oil pools up in Tarwater Creek and seeps into Jones Gulch Creek, staining the rocks.

Pescadero and Alpine Creeks both provide spawning habitat for endangered steelhead; Pescadero Creek also has a small run of endangered Coho salmon.

The Department manages parks, trails, and historic sites to preserve public lands and provide opportunities for education and recreation. The system's 18 parks, regional, county, and local trails, and two historic sites are located throughout the County and encompass nearly 16,000 acres.

The parks represent our region's wondrously diverse natural settings, from rugged tidepools, lush mountain forests, and remote campsites to Bayfront shoreline, sunny picnic areas, and popular playgrounds.

The Department sells annual passes, offering unlimited entrances to all County Parks for a year.

You can volunteer to help rangers protect and improve parklands and serve park visitors.

The San Mateo County Parks Foundation raises funds to improve the quality of County Parks for our community. For information, visit www.SupportParks.org.

The Volunteer Horse Patrol (650-368-8200) promotes protection and enjoyment of these parks.
