

COUNTY OF SAN MATEO
Departmental Correspondence

DATE: AUG 24 2001

TO: Honorable Board of Supervisors

SEP 11 2001

FROM:  Barbara Pletz, EMS Administrator

SUBJECT: Amendment to the Agreement with the State of California to Develop
EMS Data Reports and Data Analysis Methods

RECOMMENDATION

Adopt a resolution authorizing the President of the Board to execute an Amendment to the Agreement with the State of California to develop EMS data-reports and data analysis methods.

Background

In November 2000 your Board approved an agreement with the State of California to develop EMS data reports and data analysis methods. The funding provided by the state is being used to train the EMS staff and EMS system stakeholders in effective data analysis methods. In order to accomplish this objective we need data for our EMS system. Implementing this data system is the responsibility of the ambulance contractor, American Medical Response West (AMR).

The term of the original agreement was October 1, 2000 – September 30, 2001.

Discussion

The project has been delayed due to difficulties encountered by AMR in implementing the EMS data system. These difficulties now appear to be resolved as AMR is moving to a new Personal Computer (PC) platform from the previous hand-held personal digital assistant (PDA) model. This has necessitated an extension of the term of this agreement.

Term and Fiscal Impact

The term of the contract is extended through March 31, 2002. The agreement amount remains the same, \$58,552. There is no net county cost associated with this agreement.
