**Discussion**

The proposed project, totaling approximately 2.81 miles in length, consists of the repair of failed pavement areas, the installation of pavement reinforcing fabric, the installation of access ramps where needed to meet the ADA requirements, and resurfacing of the roadways with asphalt concrete within the limits shown on the attached location maps.

This project qualifies for a Categorical Exemption pursuant to Section 15301 C of the Public Resources Code (California Environmental Quality Act [CEQA]), and a Notice of Exemption has been filed with the County Clerk Recorder as provided by County guidelines.

**Fiscal Impact**

The estimated cost of construction is \$765,000, which is proposed to be financed with Road Funds and AB2928 Transportation Funds. There is no impact to the General Fund.

A form of resolution has been approved by County Counsel.
