We have reviewed the contract documents and have determined the Affirmative Action Program submitted by **Interstate Grading and Paving, Inc.** is in accordance with the current Affirmative Action Guidelines.

Fiscal Impact

The total overall estimated cost of this project, including construction and contingencies is \$248,000 which includes a ten percent (10%) contingency as the work is bid on a unit price basis (i.e , ton of asphalt placed, square yard of pavement fabric, etc.) The contingency is used to pay the contractor for any additional material placed as the actual tonnage used depends on the unit weight of the asphalt and the tolerances for the actual thickness of the pavement placed

The work is proposed to be financed with Road Funds and funds made available by the State pursuant to AB 2928.

There is no impact to the General Fund.

A form of Resolution has been approved by County Counsel.
