SUBJECT: **Resurfacing of Portions of Airport Street near Pillar Point Harbor and Pescadero Creek Road in the Loma Mar Area (Project No. R6W01, F-116[200A])**

RECOMMENDATION

Adopt a Resolution adopting Plans and Specifications, determining prevailing wage scales, and calling for sealed proposals for the Resurfacing of Portions of Airport Street and Pescadero Creek Road.

Previous Board Action

Authorized the Director of Public Works to:

1. Proceed with the preparation of plans and specifications for resurfacing type projects on various County roads utilizing funds available to the County pursuant to Assembly Bill 2928 (AB2928).
2. Execute agreements with utility companies and special districts for utility type work less than \$25,000 proposed to be done in conjunction with County road projects.

Key Facts

The proposed project is part of our overall program to preserve the County maintained road system.

The Montara Sanitary District and the Coastside County Water District have requested that their facilities be adjusted to grade by the County's contractor, in conjunction with the County's proposed resurfacing project.

Discussion

The proposed project, totaling approximately 2.1 miles in length, consists of pavement repair work, installation of pavement reinforcing fabric, and resurfacing of Airport Street between Harvard Avenue and the Grande Del Mar Mobile Home Park and Pescadero Creek Road between the two Wurr Road intersections.

The San Mateo County Planning Department has determined that this project qualifies for exemptions from the filing of a Coastal Development Permit and the requirements for the preparation of an EIR under Section 15301(C) Class 1, of the California Environmental Quality Act (CEQA) and we have filed a Notice of Exemption with the County Clerk.

Fiscal Impact

The total estimated cost for this work is \$440,000. An appropriation was approved in the Road Fund for this work, and we are proposing to finance the appropriation with AB2928 Transportation Funds to insure that these funds are expended by the deadline set by the State.

The work will be financed as follows:

Road Fund	\$ 438,100
Montara Sanitary District	\$ 800
Coastside County Water District	\$ <u>1,100</u>
Total	\$ 440,000

There is no impact to the General Fund.

A form of Resolution has been approved by County Counsel.
