RECOMMENDATION

Adopt a resolution adopting plans and specifications, determining prevailing wage scales, and calling for sealed proposals for the resurfacing of Hillside Boulevard and Villa Street between Sylvan Street and Hoffman Street in the Daly City Area.

Previous Board Action

1. Adopted Resolution No. 63570 on April 25, 2000, authorizing an application for Federal Aid Secondary (FAS) Project funding to partially finance the resurfacing project.
2. Authorized the Director of Public Works to execute agreements with utility companies and special districts for utility type work less than \$25,000 proposed to be done in conjunction with County road projects.

Key Facts

1. The proposed project is part of our overall program to preserve the County maintained road system.
2. The project qualifies for funds available through the FAS funding program.

Discussion

The proposed project consists of grinding the existing pavement, placing a leveling course and installing pavement reinforcing fabric, and resurfacing the road with asphalt concrete within the above-described limits.

This project qualifies for a Categorical Exemption pursuant to the California Environmental Quality Act (CEQA) and a Notice of Exemption from CEQA has been filed with the County Clerk Recorder as provided by County guidelines.

Caltrans, which administers the Federal funding, has authorized us to proceed with advertising for bids for the work.
