W I T N E S S E T H:

WHEREAS, pursuant to Government Code, Section 31000, County may contract with independent contractors for the furnishing of such services to or for County or any Department thereof;

WHEREAS, it is necessary and desirable that Contractor be retained for the purpose of performing the professional services hereinafter described for the Health Services Agency, Mental Health Services Division.

NOW, THEREFORE, IT IS HEREBY AGREED BY THE PARTIES HERETO AS FOLLOWS:

1. Exhibits.

The following exhibits are attached hereto and incorporated by reference herein:

Exhibit A—Services
Exhibit B—Payments and rates
Attachment I—§504 Compliance

2. Services to be performed by Contractor.

In consideration of the payments set forth herein and in Exhibit B, Contractor shall perform services for County in accordance with the terms, conditions and specifications set forth herein and in Exhibit "A."

3. Payments.

In consideration of the services provided by contractor in accordance with all terms, conditions and specifications set forth herein and in Exhibit "A", County shall make payment to Contractor based on the rates and in the manner specified in Exhibit "B." The County reserves the right to withhold payment if the County determines that the quantity or quality of the work performed is unacceptable. In no event shall the County's total fiscal obligation under this contract exceed ONE MILLION THREE HUNDRED SEVENTEEN THOUSAND SIX HUNDRED SIXTY DOLLARS (\$1,317,660).

4. Term and Termination.

Subject to compliance with all terms and conditions, the term of this agreement shall be from July 1, 2004 through June 30, 2005.

This Agreement may be terminated by Contractor, the Director of the Health Services Agency or his/her designee at any time without a requirement of good cause upon thirty (30) days' written notice to the other party.

In the event of termination, all finished or unfinished documents, data, studies, maps, photographs, reports, and materials (hereafter referred to as materials) prepared by Contractor under this Agreement shall become the property of the County and shall be promptly delivered to the County. Upon termination, the Contractor may make and retain a copy of such materials. Subject to availability of funding, Contractor shall be entitled to receive payment for work/services provided prior to termination of the Agreement. Such payment shall be that portion of the full payment which is determined by comparing the work/services completed to the work/services required by the Agreement.

5. Availability of Funds.

The County may terminate this Agreement or a portion of the services referenced in the Attachments and Exhibits based upon unavailability of Federal, State or County funds, by providing written notice to Contractor as soon as is reasonably possible after the county learns of said unavailability of outside funding.

6. Relationship of Parties.

Contractor agrees and understands that the work/services performed under this Agreement are performed as an independent Contractor and not as an employee of the County and that Contractor acquires none of the rights, privileges, powers or advantages of County employees.

7. Hold Harmless.

Contractor shall indemnify and save harmless County, its officers, agents, employees, and servants from all claims, suits, or actions of every name, kind and description, brought for, or on account of: (A) injuries to or death of any person, including Contractor, or (B) damage to any property of any kind whatsoever and to whomsoever belonging, (C) any sanctions, penalties or claims of damages resulting from Contractor's failure to comply with the requirements set forth in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and all Federal regulations promulgated thereunder, as amended, or (D) any other loss or cost, including but not limited to that caused by the concurrent active or passive negligence of County, its officers, agents, employees, or servants, resulting from the performance of any work required of Contractor or payments made pursuant to this Agreement, provided that this shall not apply to injuries or damage for which County has been found in a court of competent jurisdiction to be solely liable by reason of its own negligence or willful misconduct.

The duty of Contractor to indemnify and save harmless as set forth herein, shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

8. Assignability and Subcontracting.

Contractor shall not assign this Agreement or any portion thereof to a third party, or subcontract with a third party to provide services required by contractor under this agreement without the prior written consent of County. Any such assignment or subcontract without the county's prior written consent shall give County the right to automatically and immediately terminate this Agreement.

9. Insurance.

The Contractor shall not commence work or be required to commence work under this Agreement unless and until all insurance required under this paragraph has been obtained and such insurance has been approved by the County Manager, and Contractor shall use diligence to obtain such issuance and to obtain such approval. The Contractor shall furnish the County Manager with certificates of insurance evidencing the required coverage, and there shall be a specific contractual liability endorsement extending the Contractor's coverage to include the contractual liability assumed by the Contractor pursuant to this Agreement. These certificates shall specify or be endorsed to provide that thirty (30) days' notice must be given, in writing, to the County Manager of any pending change in the limits of liability or of any cancellation or modification of the policy.

- (1) **Worker's Compensation and Employer's Liability Insurance.** The Contractor shall have in effect during the entire life of this Agreement Workers' Compensation and Employer's Liability Insurance providing full statutory coverage. In signing this Agreement, the Contractor certifies, as required by Section 1861 of the California Labor Code, that it is aware of the provisions of Section 3700 of the California Labor Code which requires every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of the Code, and will comply with such provisions before commencing the performance of the work of this Agreement.
- (2) **Liability Insurance.** The Contractor shall take out and maintain during the life of this Agreement such Bodily Injury Liability and Property Damage Liability Insurance as shall protect him/her while performing work covered by this Agreement from any and all claims for damages for bodily injury, including accidental death, as well as any and all claims for property damage which may arise from contractors operations under this Agreement, whether such operations be by himself/herself or by any sub-contractor or by anyone directly or indirectly employed by either of them. Such insurance shall be combined single limit bodily injury and property damage for each occurrence and shall be not less than the amount specified below.

Such insurance shall include:

- (a) Comprehensive General Liability \$1,000,000
- (b) Motor Vehicle Liability Insurance \$1,000,000
- (c) Professional Liability \$1,000,000

County and its officers, agents, employees and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that the insurance afforded thereby to the County, its officers, agents, employees and servants shall be primary insurance to the full limits of liability of the policy, and that if the County or its officers and employees have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, the County of San Mateo at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work pursuant to this Agreement.

10. Compliance with laws; payment of Permits/Licenses.

All services to be performed by Contractor pursuant to this Agreement shall be performed in accordance with all applicable federal, state, county, and municipal laws, including, but not limited to, Health Insurance Portability and Accountability Act of 1996 (HIPAA) and all Federal regulations promulgated thereunder, as amended, and the Americans with Disabilities Act of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, as amended and attached hereto and incorporated by reference herein as Attachment I, which prohibits discrimination on the basis of handicap in programs and activities receiving any federal or county financial assistance. Such services shall also be performed in accordance with all applicable ordinances and regulations, including, but not limited to, appropriate licensure, certification regulations, provisions pertaining to confidentiality of records, and applicable quality assurance regulations.

In the event of a conflict between the terms of this agreement and state, federal, county or municipal law or regulations, the requirements of the applicable law will take precedence over the requirements set forth in this agreement.

Contractor will timely and accurately complete, sign, and submit all necessary documentation of compliance.

I. Description of Services to be Performed by Contractor

4. Contractor shall provide services to sixty (60) unduplicated seriously emotionally disturbed (SED) youth per year during the term of this Agreement, provided that demand for such quantity of services exists, demand to be determined by the number and needs of eligible persons referred to Contractor by authorized referral sources herein defined.
 5. Individual records shall be kept on each youth at Fred Finch Youth Center according to County Mental Health Services standards. Records must be legible and kept in detail consistent with appropriate medical and professional practice in order to:
a) permit effective internal professional review and external medical audit process; and
b) facilitate an adequate system for follow-up of treatment.
 6. Individual records shall also include:

- a. An initial treatment plan. Within five (5) days of receiving a referral, program staff will convene a treatment team meeting to include County Mental Health and other agency staff, family, extended family, and other caregivers, resource people from community organizations, teachers and others as appropriate.  8. Contractor shall complete and submit a quarterly statistical report summarizing data relevant to the youth in the program, i.e., number of referrals, source of referrals, lengths of stay, hours of service, and percentages of youth maintained in their family homes.

B. Therapeutic Behavioral Services

Therapeutic Behavioral Services ("TBS") are one-to-one therapeutic contacts between a mental health provider and a beneficiary for a specified short-term period of time that are designed to maintain the child/youth's residential placement at the lowest appropriate level by resolving target behaviors and achieving short-term treatment goals. A contact is considered therapeutic if it is intended to provide the child/youth with skills to effectively manage the behavior(s) or symptom(s) that are the barrier to achieving residence in the lowest appropriate level.

The person providing TBS is available on-site to provide individualized one-to-one behavioral assistance and one-to-one interventions to accomplish outcomes specified in the written treatment plan. A necessary component of this service activity is having the staff person on-site and immediately available to intervene for a specified period of time. The expectation is that the staff person will be with the child/youth for a designated time period which may vary in length and may be up to 24 hours a day, depending upon the needs of the child/youth. Services shall be available up to 24 hours a day, seven days a week as authorized.

Two important components of delivering TBS include the following:

- Making collateral contacts with family members, caregivers, and others significant in the life of the beneficiary; and
- Developing a plan clearly identifying specific target behaviors to be addressed and the interventions that will be used to address the target behaviors.

Contractor shall provide TBS authorized by the San Mateo County Mental Health Division Deputy Director of Youth Services or designated TBS authorizer, to clients up to age twenty-one (21). These services shall be provided to full scope Medi-Cal beneficiaries, and also to other clients for whom the Mental Health Plan (MHP) has assumed responsibility. Services shall be provided in English and Spanish.

County reserves the right and authority to set additional higher or more specific standards necessary to manage the delivery of TBS than those set by the State of California.

1. Authorization

Contractor shall request payment authorization for TBS from the County. Authorization is required in advance of the provision of TBS included in the authorization request. Services will be authorized by Deputy Director of Youth Services or designated TBS authorizer.

a. Initial Authorization

Initial authorization may not exceed 30 (thirty) days or 60 (sixty) hours, whichever is less. Initial authorization will cover:

- i. Initial TBS assessment, which must address symptom(s) or behavior(s) that TBS will address;
- ii. Developing an initial TBS client plan, which must include at least one TBS intervention; and
- iii. Initial delivery of direct one-to-one TBS.

b. Reauthorization

- i. Reauthorization may not exceed sixty (60) days or one hundred twenty (120) hours, whichever is less.
- ii. If initial authorization was for thirty (30) days or sixty (60) hours, the assessment and client treatment plan must be completed for the first reauthorization to be authorized. The client treatment plan must meet the criteria specified in Client Treatment Plan and Documentation Requirements (I.B.3.).
- iii. When initial payment authorization includes one-to-one TBS that are fully supported by a completed TBS assessment and TBS client treatment plan, services may be approved for sixty (60) days or one hundred twenty (120) hours, whichever is less.
- iv. Reauthorization will be based upon clear documentation of:
 - 1) Client progress toward specific goals and timeframes of client plan.
 - 2) Strategy to decrease intensity of services, initiate transition plan, and/or terminate services when TBS has promoted progress toward measurable outcomes identified in the TBS client plan; or client has reached plateau in benefit effectiveness.

- 3) If applicable, lack of client progress toward specific goals and timeframes in client plan, and changes needed to address the issue(s). If the TBS being provided has been ineffective and client is not progressing toward identified goals, possible treatment alternatives, and the reason that only additionally requested TBS will be effective, and not identified alternative(s).
 - 4) Review and update of TBS plan to address significant changes to client environment (e.g., change of residence).
 - 5) Provision of skills/strategies to parents/caregivers to provide continuity of care when TBS is discontinued.
- v. Contractor must initiate reauthorization no less than ten (10) days prior to the end of the authorized service period.
- c. Contractor shall monitor the number of hours and days TBS are provided, and shall be responsible for requesting reauthorization according to the timelines identified in I.B.2.b.

2. Assessments

- a. Assessments must be done initially and periodically, and may be part of the clients' overall assessment or a separate process to determine the need for TBS. The assessment must be completed using a format provided and approved by the County. The assessment must identify that client:
 - i. Meets medical necessity criteria;
 - ii. Is full scope Medi-Cal under twenty-one (21) years of age;
 - iii. Is a member of the certified class;
 - iv. Needs specialty mental health services in addition to TBS; and
 - v. Has specific behaviors and/or symptoms that require TBS.
- b. Assessments must:

- i. Identify the client's specific behaviors and/or symptoms that jeopardize current placement and/or symptoms that are expected to interfere with transitioning to a lower level of placement.
- ii. Identify the client's specific behaviors and/or symptoms that jeopardize current placement and/or symptoms that are expected to interfere with transitioning to a lower level of placement.
- iii. Identify the client's specific behaviors and/or symptoms that jeopardize current placement and/or symptoms that are expected to interfere with transitioning to a lower level of placement.
- iv. Identify the client's specific behaviors and/or symptoms that jeopardize current placement and/or symptoms that are expected to interfere with transitioning to a lower level of placement.
- v. Identify the client's specific behaviors and/or symptoms that jeopardize current placement and/or symptoms that are expected to interfere with transitioning to a lower level of placement.

3. Client Treatment Plan and Documentation Requirements

- a. Services provided shall be specified in a written treatment plan using a format provided or approved by County. There must be a separate written plan for TBS as a component of the overall Client Treatment Plan. The TBS client treatment plan shall include the following criteria:
 - i. Specific target behaviors or symptoms that jeopardize the current placement or present a barrier to transition to a lower level of care (e.g., tantrums, property destruction, assaultive behavior in school).
 - ii. Specific interventions to resolve targeted behaviors or symptoms, such as anger management techniques.
 - iii. Specific description of changes in behaviors and/or symptoms that interventions are intended to produce, including a time frame for those changes.
 - iv. Specific outcome measures that can be used to demonstrate that the frequency of targeted behaviors has declined and has been replaced with adaptive behaviors.

- v. The TBS plan shall be developed, signed and dated by the TBS staff member, and co-signed by the supervising mental health clinician.
- b. The TBS Plan must be reviewed monthly by the Deputy Director of Youth Services or designee to ensure that TBS continue to be effective for the beneficiary in making progress towards the specified measurable outcomes. The TBS plan should be:
 - i. Adjusted to identify new target behaviors, interventions and outcomes as necessary and appropriate; and
 - ii. Reviewed and updated as necessary whenever there is a change in the child/youth's residence.
- c. As TBS is a short-term service, each mental health client treatment plan that includes TBS must include a transition plan from the inception of this service to decrease and/or discontinue TBS when no longer needed, or appear to have reached a plateau in benefit effectiveness.
- d. When applicable, the client treatment plan must include a plan for transition to adult services when the beneficiary turns 21 years old and is no longer eligible for TBS. The plan shall address assisting parents and/or caregivers with skills and strategies to provide continuity of care when this service is discontinued.
- e. For clients between the 18 and 21 years of age notes regarding any special considerations should be taken into account, e.g. the identification of an adult case manager.
- f. If the TBS are intensive and last for several months without observable improvement towards the treatment goals, the client shall be re-evaluated for a more appropriate placement.
- g. Client Plan Addendum
A client plan addendum shall be used to document the following:

- i. Significant changes in the client's environment since the initial development of the TBS client treatment plan.
 - ii. When TBS has not been effective and the client is not making progress as expected. There must be documented evidence in the chart and any additional information indicating the consideration of alternatives.
- h. Progress Notes
- Progress notes are required each day TBS is delivered and must include a comprehensive summary covering the time that services were provided. In the progress note, the time of the service may be noted by contact/shift. As with other MHP progress notes, staff travel and documentation time are included with direct service time; on call time may not be claimed. The following must be clearly documented:
- i. Occurrences of specific behaviors and/or symptoms that jeopardize the residential placement or prevent transitions to a lower level of placement;
 - ii. Significant interventions identified in the client treatment plan;
 - iii. Progress in stabilizing behaviors and/or symptoms by changing or eliminating maladaptive behaviors and replacing them with adaptive behaviors.

4. Service Delivery and Staffing Requirements

- a. TBS must be provided by a licensed practitioner of the healing arts or by trained staff members who are under the direction of a licensed practitioner of the healing arts. The qualifications of organizational provider staff delivering this service will be determined by the MHP and may include non-licensed staff. The individuals providing this service must be available on-site to intervene with the child/youth as needed.
- b. Commensurate with scope of practice, TBS may be provided by any of the following staff:
 - i. Licensed Physician
 - ii. Licensed/Waivered Clinical Psychologist
 - iii. Licensed/Registered Clinical Social Worker

- iv. Licensed/Registered Marriage and Family Therapist
- v. Registered Nurse
- vi. Licensed Vocational Nurse
- vii. Licensed Psychiatric Technician
- viii. Occupational Therapist
- ix. Staff with other education/experience qualifications. The San Mateo County staffing guideline shall be for TBS staff to have a minimum of a Bachelor's Degree in a mental health related field. TBS workers shall be licensed practitioners of the healing arts or trained staff members who are under the direction of a licensed practitioner of the healing arts.

c. TBS is not to supplant other mental health services provided by other mental health staff.

- i. Direct TBS providers delivering services in group homes may not be counted in the group home staffing ratio.
- ii. Direct TBS providers delivering services in Day Treatment Intensive or Day Treatment Rehabilitative sites may not be counted in the day treatment staffing ratio, and the function of the TBS providers must be clearly differentiated.
- iii. Contractor must have contact with the parents or caregivers of the client. Contact must be with individuals identified as significant in the clients' life, and must be directly related to the needs, goals and interventions of the TBS client plan. These 'collateral TBS' must meet the requirements of Title 9, CCR, Sections 1810.206 and 1840.314.

5. Reimbursement Criteria
