Service Warranty

Unisys provides a Service Warranty for equipment designated A, B, C, D or P in the Warranty column. Support Center Services are included in the Service Warranty for Client Installable equipment for 90 days from the Installation Date. The Service Warranty also includes Mail-In Service, Equipment On-Call Remedial Maintenance or parts exchange according to the following descriptions:

a) For equipment designated "A" that is within 60 miles of the center of a Unisys concentration city, Unisys will make every reasonable effort to respond to requests for on-site service within 4 hours provided the request is received no later than 4 hours prior to the end of the PPM (Same Day Service).

b) For equipment designated "A" that is more than 60 miles from the center of the nearest Unisys concentration city and for equipment designated "B," Unisys will make every reasonable effort to respond to requests for on-site service received during a PPM no later than the next PPM (Next Day Service).

c) For equipment designated "C," Unisys will make every reasonable effort to respond to on-site service requests 2 business days from call placement during the PPM (Second Day Service).

d) For equipment designated "D," each unit shipped or brought to the Unisys designated location at Client expense and risk will be repaired or exchanged by Unisys within 7 business days after receipt (Mail-In Service).

e) For equipment designated "P," Unisys will provide, on an exchange basis, replacements for defective parts provided that Client complies with Unisys or Unisys supplier's then current exchange policies and instructions for obtaining and installing replacement parts and returning failed parts.

The number immediately following the A, B, C, D or P designation identifies the number of months, following the Installation Date, that the Service Warranty will be performed.
