

# Memo

**To:** Members, Board of Supervisors  
**From:** Rich Gordon and Jerry Hill   
**Date:** March 7, 2005  
**Re:** Recommendation for Appointments to Bayside Design Review Board

---

On the January 25, 2005 agenda of the Board of Supervisors was an item to make appointments to the Bayside Design Review Committee. Specifically, it was being recommended that Nancy Mangini and John Day be re-appointed. This item was pulled when an e-mail was received from the Emerald Hills Homeowners Association requesting that the Board of Supervisors consider other appointments.

As the Board Sub-Committee that originally recommended appointment of Nancy Mangini we were aware that the Ms. Mangini was not the favored candidate of the Emerald Hills Homeowners Association. The Association is interested in seeing revisions to the design review standards in Emerald Hills. In fact, such revisions are in the queue for long-range planning. The candidate favored by the Association indicated that they would be prepared to judge projects against the desires of the Association. Ms. Mangini indicated that she would follow the current guidelines until new ones were adopted. We recommended Ms. Mangini and the Board of Supervisors appointed her.

As is the practice, the Clerk of the Board circulated to Board members a memo regarding the desire of Ms. Mangini and Mr. Day to be re-appointed. If there is no comment to the contrary from Board members, such appointments are considered routine and are recommended without additional advertising or application process. The Clerk of the Board received no comments from members of the Board of Supervisors and, hence, prepared the memo regarding re-appointment that appeared on the January 25<sup>th</sup> Board agenda.

We have considered the letter from the Emerald Hills Homeowners Association and correspondence from Ms. Mangini and Mr. Day. We have also consulted with staff of the Planning Department. We conclude that Ms. Mangini and Mr. Day are performing acceptable work as members of the Bayside Design Review Committee. Specifically, we find that Ms. Mangini is adequately interpreting the design review standards currently in place.

For this reason we are re-submitting the attached memo regarding the appointment of Nancy Mangini and John Day. We recommend their re-appointment to the Bayside Design Review Committee.
