

Memo

To: Members, Board of Supervisors
From: President Rich Gordon and Supervisor Adrienne Tissier
Date: September 8, 2005
Re: SamTrans Transit Expert Appointment

RECOMMENDATION:

That the Board of Supervisors appoint Thomas Daly to the Coastside Design Review Committee to represent the community of Miramar. The appointment would be effective immediately and would be to fill a vacant position for which the term of appointment ends on March 31, 2007

BACKGROUND:

Mr. Daly is a resident of the unincorporated community of Miramar on the coast. He is employed as a Plumber/Foreman for a construction company in San Francisco. After interviewing him, we concluded that he would be a good candidate for the vacancy that exists on the Coastside Design Review Committee. Terms on the Design Review Committee are for three years. The position for a Miramar resident has been vacant and the term for this vacant position expires on March 31, 2007.
