Services are focused on achieving specific shorter-term personal milestones (measurable objectives) to support the individual in accomplishing his/her desired results.
- B. Program staffing is multi-disciplinary and reflects the cultural, linguistic, ethnic, age, gender, sexual orientation and other social characteristics of the community that the program serves. Families, caregivers, human service agency personnel and other significant support persons are encouraged to participate in the planning and implementation process to help the individual meet his/her needs, choices, responsibilities and desires. Programs are designed to use both licensed and non-licensed personnel who are experienced in providing mental health services. - d. Work seamlessly and flexibly with FSP Providers to ensure that tenants receive all practical chances and opportunities to remain housed. This will require the utilization of creative, harm reduction based techniques that go well beyond standard property management practices and activities.

f. When all reasonable interventions have been exhausted, manage eviction, transfer, or the voluntary vacating of the unit in a timely, professional, and consistent manner in compliance with all State and local housing laws.

g. Definitions

i. Unit of Service: A Supportive Housing Day: One (1) "Supportive Housing Day" is defined as one (1) day of property management services for one (1) unit, including but not limited to rent collection, lease management, tenant move-in and move-out, repairs, maintenance, and janitorial services. The total number of Supportive Housing Days is based on a ten percent (10%) vacancy rate due to turnover and move-in time. Annual units of service for this contract at full rent up would be twenty-nine thousand five hundred sixty-five (29,565) Supportive Housing Days (90 units X 365 days X 90% (for vacancy) = 29,565 Supportive Housing Days).

ii. Unduplicated Client Count: This count refers to the total number of clients that will occupy the ninety (90) units in one year. Given a ten percent (10%) turnover of clients in the ninety (90) units, the "Unduplicated Client Count" will be approximately ninety-nine (99).

3. Populations to Be Served

Populations to be served shall include:

a. Ninety (90) clients made up of the following categories (numbers below are intended to be approximate):

i. Twenty (20) individuals made up of youth ages 18 to 25 and emancipated minors ages 16 to 18 (collectively "Transition Age Youth")

ii. Forty-five (45) adults ("Adults")

iii. Twenty-five (25) adults who are medically fragile and/or older ("Medically Fragile", "Older Adults" or "MF/OA")

- b. SED and dually diagnosed Transition Age Youth at risk of or returning from residential placement or emancipating, with past juvenile justice or child welfare involvement.
- c. SED and dually diagnosed homeless Transition Age Youth and Transition Age Youth exiting school based, individual educational plan (IEP) driven services.
- d. Newly identified Transition Age Youth that are experiencing a “first break” and have been recently diagnosed with a psychotic disorder. This target population may or may not have had prior involvement with the mental health, juvenile justice and/or child welfare systems.
- e. Adults and Older Adults whose SMI and dual diagnosis results in frequent emergency room visits, hospitalizations, and/or homelessness that puts them at risk of criminal justice or institutional placement.
- f. Adults with SMI, often dually diagnosed, currently incarcerated for whom early discharge planning and post-release partnership structure and support may prevent recidivism and/or re-hospitalization.
- g. Adults with SMI, often dually diagnosed, currently placed in locked mental health facilities. The FSP Provider will explicitly target individuals living in sub-acute locked facilities located outside the county as a step-down, enabling them to return to their community. It is understood that many of these individuals will have behavioral problems that have caused them to be placed in institutions for mental disease (IMD) or mental health rehabilitative centers (MHRC).
- h. SMI Older Adults and Medically Fragile SMI adults at risk of institutionalization or who are currently institutionalized and who, with more intensive supports, could live in a community setting. In many instances these individuals have co-occurring medical conditions, including dementia, which significantly impact their ability to remain at home or in a community based setting.

4. Housing Characteristics

- a. Contractor will ensure that tenants have safe, decent, affordable housing in a state of good repair, and that ongoing maintenance and repairs occur in a timely manner. Before leasing, each unit will be inspected by the Property Manager and Occupational Therapist (as each is defined in Paragraphs II.H.15.a.iii. and II.H.15.d.. of this Exhibit A) to identify any deficits relating to housing occupancy standards (HOS). These items will require repair by the landlord prior to move-in.
- b. In addition to health and safety issues in identifying appropriate sites for housing, Contractor shall look at issues of access to transportation, banks, churches, parks, shopping and employment. All of these considerations will play a major role in identifying and selecting housing units for this project. On an individual basis, each unit must include a stove, refrigerator, smoke detectors, sufficient electricity to operate several appliances (at least 110 amps), window coverings, deadbolt locks, and the ability to have cable or satellite television and internet services.

5. Type of Housing

- a. The plan for identifying housing will incorporate both multiple units in single sites as well as single units in scattered sites located throughout San Mateo County so that tenants can access their health care and mental health care providers, may reside close to family and other supports, and can have opportunity and choice. These are all elements critical to successful housing.
- b. As appropriate, housing options will be identified which provide elements of assisted living and 24-hour care, semi-independent living, and/or board and care facilities.

6. Locating Units

To the extent it depends on the Contractor, Contractor agrees to collaborate with each of the FSP Providers to master lease at least fifty percent (50%) of the units, and lease the balance on behalf of the clients. The apartment units will predominantly be studio and one (1) bedroom units. Two (2) bedroom units will be available for those individuals who require attendant care. Other types of housing will be made available as needed and as determined by clinical need or client preference.

7. Collaborative Approach

- a. Meetings between the Property Manager and the Program Supervisor (as each is defined in Paragraphs II.H.15.a.iii. and II.H.15.b. of this Exhibit A), and the FSP Provider representatives will occur on a regular basis. County will ask each FSP Provider to assign one (1) person as the single point of responsibility for contact for that agency ("FSP Provider Administrator"). Contractor will also identify a primary person to serve as the single point of responsibility and contact for the Housing Support Program. These individuals will be responsible for the coordination of communication between the two (2) entities. Additionally, Contractor will be responsible for ensuring that the following specific activities occur:
 - i. Contractor staff will notify the FSP Provider staff of any problematic behavior or other circumstances that could lead to housing instability within 24 hours of becoming aware of such behavior or circumstance, including late payment of rent.
 - ii. Contractor staff will meet with the FSP Provider staff for regularly scheduled meetings at a minimum of once per month.
 - iii. No eviction proceedings will begin without prior notification and/or case conference with the FSP Provider.
 - iv. Contractor's Executive Director and Associate Director will meet with FSP Provider management on an as needed basis to resolve communication and other issues that arise between line staff.
 - v. Contractor's Executive Director will meet regularly with County Deputy Director for Adult and Older Adult Services and the FSP Provider Administrator to review housing trends.
 - vi. County Deputy Director for Adult and Older Adult Services will be the arbiter of conflicting needs requests and determine housing priorities in consultation with Contractor and FSP Provider Administrator.

- b. A Collaborative Advisory Board comprised of FSP Provider representatives, the Property Manager, the Program Supervisor and tenants will also be established and meet monthly to develop strategies to address incidents that jeopardize the safety and security of the tenants or employees, to plan community building activities or events, and to share information about activities that may be of interest to the larger group.
 - c. Contractor agrees to take the lead in negotiating a memorandum of understanding (MOU) with each of the FSP Providers to govern their working relationship.
- 8. Client Selection and Placement
 - a. Placement into housing will have two (2) phases. Property Manager and the Program Supervisor will review general applications which include rental history and housing problems or issues which have been identified in the past, history of violence, history of drug or alcohol abuse and a criminal justice report. While it is anticipated that this process will primarily serve as a basis for creating accommodations or supports, (e.g. identifying individuals who may only be successful if there is a third party payee) the following criteria shall cause denial of placement in housing. The criteria for denial shall include but are not be limited to individuals who are registered sex offenders, individuals with a history of the manufacture or sale of methamphetamine, or people with significant histories of random violence with no information about a mitigating intervention or treatment.
 - b. A personal meeting with the tenant will be held to complete the screening process. This will focus on assessing the likelihood that any applicant will be able to meet the essential requirements of tenancy as expressed in the lease as follows:
 - i. To pay rent and any other charges in a timely manner,

 - e. A client plan was developed and maintained for the beneficiary that met all client plan requirements established in this agreement.
 - f. For each beneficiary with specialty mental health services included in the claim, all requirements for Contractor payment authorization for specialty mental health services were met, and any reviews for such service or services were conducted prior to the initial authorization and any re-authorization periods as established in this agreement.
 - g. Services are offered and provided without discrimination based on race, religion, color, national or ethnic origin, sex, age, or physical or mental disability.

4. Except as provided in Paragraph III.A. of Exhibit A relative to medical records, Contractor agrees to keep for a minimum period of three years from the date of service a printed representation of all records which are necessary to disclose fully the extent of services furnished to the client. Contractor agrees to furnish these records and any information regarding payments claimed for providing the services, on request, within the State of California, to the California Department of Health Services; the Medi-Cal Fraud Unit; California Department of Mental Health; California Department of Justice; Office of the State Controller; U.S. Department of Health and Human Services, Managed Risk Medical Insurance Board or their duly authorized representatives, and/or the County.

O. Rollover

Contractor may rollover unspent funding from the County according to the following procedures.

1. Contractor shall submit a summary calculation of any savings 90 days after end of the fiscal year. The summary calculation will be a separate report from the year-end cost report. With the summary calculation Contractor shall return the amount of the savings.
2. At the time of the submission of the summary calculation Contractor may request to rollover some or all of any savings. The request must be made in writing to the Director of Mental Health Services or her designee. The request shall identify specifically how the rollover funds will be spent, including a detailed budget. Savings shall not be spent until Contractor receives a written approval of the request. Approved rollover funds shall be spent only for the succeeding fiscal year and only for the specific purpose(s) requested and approved.
3. Contractor shall submit an accounting report of the rollover savings. This report shall include copies of the detailed expenses. The report is due 90 days after the specific purpose has been completed, or 90 days after the end of the fiscal year, whichever comes first. Any unspent rollover funds shall be returned to the County with the accounting report.

4. If the specific purpose is not yet complete as of the end of the succeeding fiscal year, contractor may request to rollover the unspent funds to the succeeding second fiscal year by submitting a written request with the accounting report. The unspent rollover funds shall not be spent until the request is approved by the Director of Mental Health Services or her designee.
 5. A final accounting of the rollover funds shall be submitted 90 days after the specific purpose has been completed, or 90 days after the end of the second fiscal year, whichever comes first. Any unspent rollover funds shall be returned to the County with the accounting report.
- P. In the event this Agreement is terminated prior to June 30, 2008, Contractor shall be paid on a prorated basis for only that portion of the contract term during which Contractor provided services pursuant to this Agreement. Such billing shall be subject to the approval of the Director of Health or her authorized representative.

Attachment C
Election of Third Party Billing Process

Effective July 1, 2005, San Mateo County Mental Health Services will be required to bill all other insurance (including Medicare) before billing Medi-Cal for beneficiaries who have other coverage in addition to Medi-Cal. This is called "serial billing." All claims sent to Medi-Cal without evidence of other insurance having been billed first will be denied.

In order to comply with the serial billing requirement you must elect which of the two following options to use in our contract with you. In either case, you will need to establish the eligibility of your clients through the completion of the standard form (Payor Financial Form) used to collect this information. Please select and complete one of the two options below:

Option One

Our agency will bill other insurance, and provide San Mateo County Mental Health Services (SMCMHS) with a copy of the Explanation of Benefits provided by that insurance plan before billing SMCMHS for the remainder.

We _____ (agency name) elect option one.

Signature of authorized agent

Name of authorized agent

Telephone number

Option Two

Our agency will provide information to San Mateo County Mental Health Services (SMCMHS) so that SMCMHS may bill other insurance before billing Medi-Cal on our agency's behalf. This will include completing the attached client Payor Financial Form and providing it to the SMCMHS Billing Office with the completed "assignment" that indicates the client's permission for SMCMHS to bill their insurance.

We Mental Health Assoc. of San Mateo Co. (agency name) elect option two.
