SCOPE OF WORK

CONTRACT SPECIFICATIONS FOR STATE-COUNTY INSPECT PEST DETECTION TRAPPING

Section 1

The California Department of Food and Agriculture shall:

- A. Provide all traps, trap parts, and lures.
- B. Provide technical assistance and training to county agricultural commissioner personnel on the use of traps and detection procedures.
- C. Assist with and review the county's trapping programs annually for the purpose of establishing and approving the FY-Commitment Form (60-221), which is attached hereto and made part of this agreement.
- D. Provide county trappers with copies of the CDFA Insect Trapping Guide.
- E. Provide an annual training program specifically for trapping supervisors in which all counties shall participate.
- F. Provide for disposal of Dibrom treated wicks according to CA-EPA guidelines.

Section 2

The County Agricultural Commissioner shall:

- A. Place and service the minimum number of each trap type specified on the Commitment Form. Trap densities, trapping periods, and servicing schedules shall conform with those specified in the CDFA Insect Trapping Guide under "Definitions" for individual county situations. Ensure that all trapping procedures and protocols adhere to those outlined in the Insect Trapping Guide. A copy of the Insect Trapping Guide shall be kept in the trapper's vehicle for reference.
- B. Ensure that all deployed traps (except McPhails) are numbered and dated at each servicing, indicating when rebaited. Trapping activities, including seasonal hiring and training (see trapping activities defined under "Definitions" in the Insect Trapping Guide) will start on the dates shown below. Traps will be removed on their final servicing prior to the end of the season, but not later than the dates shown below.
- C. * Ensure that Medfly and Oriental fruit fly traps are serviced every 14 days; July 1, 2006 to November 30, 2006, and April 1, 2007 to June 30, 2007.

ChampTraps in rural areas will be serviced once each month and relocated at that time.

ChampTraps at gardens sites in urban areas will be serviced every 14 days; otherwise they will be deployed in a fruit tree.
- D. ** Ensure that McPhail traps are serviced every seven days; July 1, 2006 to November 30, 2006, and April 1, 2007 to June 30, 2007.

- E. Ensure that melon fly traps are serviced every 14 days; July 1, 2006 to October 31, 2006, and June 1, 2007 to June 30, 2007.
- F. * Ensure that gypsy moth and Japanese beetle traps are serviced every 14 days; July 1, 2006 to August 30, 2006, and June 1, 2007 to June 30, 2007, or as determined by the CDFA District Entomologist and noted on the annual Commitment Form (60-221). Gypsy moth traps located in remote areas may be placed in the spring and recovered in the fall with no interim servicing.
- G. Send trapping personnel to training provided by state detection entomologists.
- H. Make a monthly report to the State on Form 66-035 (Rev. 6/94) (Pest Detection Report Number 1) of all traps deployed and serviced during the month. Report all traps added or removed, and the total number of servicings during the month. Do not count trap relocation as "removed" and then "added". A servicing is an inspection of the trap for the presence of the target pest. THIS REPORT MUST BE SUBMITTED WITH THE MONTHLY INVOICE FOR THE SAME TIME PERIOD.
- I. Provide one set of trapping records for all traps. This set, in the form of a "trap book," will indicate the exact trap location using a site map and all information regarding servicing, baiting, and relocation of traps.
- J. Maintain county wall maps with numbered square-miles grids, depicting density of all traps deployed.
- K. Allow state detection personnel and/or federal PPQ officers to perform quality control inspections on all county trap lines including any specified county commitment trap lines.
- L. Allow state detection entomologists and/or federal PPQ officers to accompany trappers and/or supervisors in the field. This will be credited as field training for county personnel.
- M. Maintain an inventory of known fruit fly host sites. The inventory shall be organized by square mile, contain the address of host property traceable to the nearest cross street, and indicate all known hosts on that property. The inventory shall be updated yearly. The multiple trap card system will suffice for this inventory.
- N. Maintain on a daily basis Form 60-210 (Daily Trapping Summary) for each trapper. This form will be made available to the district entomologist for review for an 18-month period. The multiple map trap card system will suffice this inventory.
- O. Submit a completed Form 60-223 (Trapping Hours/Year Worksheet) along with the budget display for each fiscal year trapping program. Form 60-223 will be prepared by using the "Standard Trap Servicings Per Season" form.
- P. Those counties generating Dibrom treated wicks (Oriental fruit fly and Melon fruit fly detection traps) will possess a CAI number issued by the California Environmental Protection Agency.

* The trapping period in portions of mountainous or northern counties may differ from that stated by prior agreement with the California Department of Food and Agriculture.

** McPhail service schedule may vary due to cooler local climatic conditions by prior agreement of the California Department of Food and Agriculture.

a. The Government Code Chapter on Antitrust claims contains the following definitions:

- 1). "Public purchase" means a purchase by means of competitive bids of goods, services, or materials by the State or any of its political subdivisions or public agencies on whose behalf the Attorney General may bring an action pursuant to subdivision (c) of Section 16750 of the Business and Professions Code.

c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the

EXHIBIT D
(County Agreement)

SPECIAL TERMS AND CONDITIONS

1. Excise Tax

The State of California is exempt from federal excise taxes and no payment will be made for any taxes levied on employees' wages. The State will pay for any applicable State of California or local sales or use taxes on the services rendered or equipment or parts supplied pursuant to this Agreement. California may pay any applicable sales and use tax imposed by another state.

2. Settlement of Disputes

In the event of a dispute, Contractor shall file a "Notice of Dispute" with the CDFA within ten (10) days of discovery of the problem. Such Notice of Dispute shall contain the Agreement number. Within ten (10) days of receipt of such Notice of Dispute, the Agency Secretary, or Designee, shall meet with the Contractor and the CDFA project manager for the purpose of resolving the dispute. The decision of the Agency Secretary or Designee shall be final. In the event of a dispute, the language contained within this Agreement shall prevail over any other language including that of the bid proposal.

3. Agency Liability

The Contractor warrants by execution of this Agreement, that no person or selling agency has been employed or retained to solicit or secure this Agreement upon agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the State shall, in addition to other remedies provided by law, have the right to annul this Agreement without liability, paying only for the value of the work actually performed, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

4. Potential Subcontractors

If Contractor subcontracts out a portion of the work required by this Agreement, nothing contained in this Agreement or otherwise, shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the Contractor of his responsibilities and obligations hereunder. The Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

5. Right To Terminate

The State reserves the right to terminate this Agreement without cause subject to 30 days written notice to the Contractor. However, this Agreement can be immediately terminated by the State for cause.

Contractor may terminate this Agreement for cause and be relieved of any further obligations subject to a 60-day written notice to the State, only if contractor can no longer perform its responsibilities or if the State fails to perform its responsibilities as provided herein. Upon such termination, the State shall be relieved of any further payments and this Agreement shall be cancelled.
