3. Basis for Appeal

Planning staff will prepare a report based on your appeal. In order to facilitate this, your precise objections are needed. For example: Do you wish the decision reversed? If so, why? Do you object to certain conditions of approval? If so, then which conditions and why?

I wish the decision of the planning commission reversed because the commission had recommendations from the planning department before it which upheld all requirements of approval for the renewal of an existing use permit. This permit allowed Sprint PCS to build and operate a very critical cellular communications facility on property located at 1175 Palomar Dr., Redwood City, Ca.

This location had an existing PACBELL/CINGULAR/AT&T facility already, and Sprint showed the necessity of using this location to provide service to an area where service was poor or non-existent.
