El Camino Real, the Contractor shall develop 67 units of affordable rental housing for families which shall consist of approximately 8 1-BR units, 34 2-BR units and 25 3-BR units. This development shall hereinafter be referred to as "the Project".

Contractor shall be responsible for applying for and acquiring all necessary funding to complete the development of the Project.

B. Performance Period. The performance period is defined as the segment of time for Contractor to perform the services or work identified above. The performance period shall end on November 30, 2010. Failure to complete the work as defined above during the Performance Period shall be ground for termination of the Agreement. The Performance Period may be extended at the sole discretion of the Director of the Department of Housing.

During the Performance Period, Contractor shall submit Progress Reports within 30 days of the end of each quarter which shall detail the status of the project. The report should be in the form of a narrative description of all activities performed in relation to the project including all pre-development activities. The report should include a project time-line and indicate the status of the project in relationship to this time-line. Contractor must document any changes from the time-line submitted with the original application. This report requirement is in addition to any information submitted with requests for reimbursement; this requirement shall extend until completion of the project even if all of the funds provided under this Agreement have been expended.

C. Compliance Period. The Compliance Period is defined as the time frame beginning after the completion of the Performance Period and ending no earlier than fifty-five (55) years from the date of the beginning of the Compliance Period. The demarcation date denoting the completion of the Performance Period and the beginning of the Compliance Period shall be the date of issuance of a Certificate of Occupancy from the City of San Mateo, which Contractor shall provide the Department of Housing, along with a housing completion report and tenant profile on forms provided by the County.

Thereafter on an annual basis during the Compliance Period, or more often if required by the County, Contractor shall provide the County with information necessary to monitor the Project relating to program compliance matters. Annual information required shall include: evidence of continuing fire and liability insurance; annual certified financial audit; tenant incomes and rents; certificate of continuing use, and any other compliance information as may be required by the County.

Notwithstanding Section 13(a) of this Agreement pertaining to retention of records, Contractor shall maintain all required records for a period of three (3) years after the end of the Compliance Period.

D. Financing: The funds from the County shall be provided to the Contractor in the form of a loan. The funds shall be evidenced by a Promissory Note secured by a Deed of Trust in favor of the County

of San Mateo. The Note shall bear interest at the rate of 3% per annum, non-compounding. The term of the Note loan shall comply with the term of the Performance Period as set forth above. Upon satisfactory completion of the service or work required during that period, the term shall be extended to coincide with the Compliance Period. Repayment of the loan shall be from a prorata share of 50% of the Residual Receipts, as defined in said Note, from the operation of the Project. The prorata share shall be determined by dividing the total County of San Mateo loan amount by the sum of the County of San Mateo Loan, City of San Mateo loans in the total amount of \$5,300,000, and any other loans requiring payment from residual receipts. In the event any of the above amounts should be changed, the share of Residual Receipts shall be adjusted accordingly.

E. Prepayment. Prepayments may be made at any time without penalty.

F. Due on Sale, Refinance or Transfer of Title. Contractor shall not assign its rights under this Agreement without obtaining the prior written consent of the Director or his/her designee or sell or refinance the Property or Project other than a refinance for a permanent loan to repay any interim loans taken out to undertake the construction of the Project. In the event of a sale or transfer of the Project or any interest therein by Contractor without such consent, the entire principal balance of the Note, including any accumulated interest, shall be immediately due and payable.

G. Acceleration of Note. In the event Contractor breaches any of the terms and conditions of this Agreement after notice and an opportunity to cure as provided in Exhibit D herein, the Contractor will be in default of the terms and conditions of this Agreement as well as the Note, and the County may demand immediate and full payment of the principal amount of the Note and any accrued interest, and/or may initiate foreclosure proceedings under the Deed of Trust.

The insurance policy shall be issued in the name of Contractor. The insurance policy shall contain a lender's loss payable endorsement, providing that any proceeds shall be payable to the County as a loss payee.

In the event that Contractor shall undertake to restore the damaged improvements or to reconstruct the destroyed improvements within a period of sixty (60) days of receipt of insurance proceeds, such insurance proceeds received by the County shall be released to Contractor as payments are required for said purposes, and upon completion of such restoration or reconstruction, any balance thereof remaining shall be paid to Contractor forthwith as payment against the Note, subject to the rights of senior lenders.

In the event that Contractor shall fail to undertake the restoration or reconstruction of such improvements within sixty (60) days after receipt of insurance proceeds following any such damage or destruction, there shall be paid and released to the County from such insurance proceeds a sum equal to the cost of clearing the premises in the event Contractor does not at its own expense clear the premises within said period. The balance shall be held to compensate the parties to this Agreement as if the premises were sold and the Note repaid, subject to the rights of senior lenders. Contractor shall also sell the vacant land on the open market and the proceeds of said land sale shall be used to repay the note and other financing on the Property .

The County shall also specify what actions or changes are necessary to make the work acceptable. Contractor shall respond to County within 15 days of receipt of such objections. The parties to this Agreement shall meet to discuss such objections at the request of either party. The County will not be obligated to make a payment of any billing until any and all objections to the adequacy of the services rendered or the amount of the billing have been resolved.

None of the funds shall be used for salary, fringe benefits or other compensation of employees of Contractor or its affiliates.

Contractor shall submit a Quarterly Report within 30 days of the end of each quarter which shall detail the status of the project. The report should be in the form of a narrative description of all activities performed in relation to the project including all pre-development activities. The report should include a project time-line and indicate the status of the project in relationship to this time-line. Contractor must document any changes from the time-line submitted with the original application. This report requirement is in addition to any information submitted with requests for reimbursement; this requirement shall extend until completion of the project even if all of the funds provided under this Agreement have been expended.

Upon completion of the project Contractor shall provide a Tenant Profile and Project Completion Report on forms to be provided by County.

No requests for reimbursement or third party payment will be processed until all reports required hereunder, including any applicable prevailing wage documents required under the Davis-Bacon Act, have been received by the Department of Housing.

6. COMPLIANCE WITH FEDERAL LAWS AND REGULATIONS

Contractor, to the extent applicable to this Agreement, shall comply with the following Federal laws and regulations as set forth in 24 CFR §§570.600-612:

A. Public Law 88-352, Title VI of the Civil Rights Act of 1964, which provides that no person in the United States shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance, including community development funds, on the grounds of race, color, or national origin.

B. Public Law 90-284, Fair Housing Act (42 U.S.C. §§3601- 20), which provides that it is the policy of the United States to provide, within constitutional limitations, fair housing throughout the United States and prohibits any person from discriminating in the sale, rental, or financing of housing on the basis of race, color, religion, sex, national origin handicap or familial status. The Fair Housing Act, as amended in 1988, also establishes requirements for the design and construction of new rental or for sale multifamily housing to ensure a minimum level of accessibility for persons with disabilities. Multifamily dwelling units in buildings containing 4 or more units served by one or more elevators, or ground floor dwellings units with 4 or more units, constructed for first occupancy after March 13, 1991, must be designed and constructed in a manner that the public and common use portions of such dwellings are readily accessible to and usable by disabled persons. D. Rehabilitation Act of 1973, Section 504, which prohibits discrimination against otherwise qualified handicapped persons in the provision of programs, facilities and employment supported by Federal funds.

In the case of multifamily rental housing, projects of five or more units must be designed and constructed to be readily accessible to and usable by persons with disabilities. For new construction involving five or more units, and substantial rehabilitation projects of 15 or more units (with substantial rehabilitation defined as rehabilitation costs representing 75 percent or more of the replacement costs of the completed facility), the following requirements must be followed - a minimum of 5 percent of the dwelling units must be accessible to individuals with mobility impairments and an additional 2 percent accessible to individuals with sensory impairments. At the minimum, one unit shall be made accessible to mobility-impaired individuals and one unit accessible to sensory impaired individuals. When less than substantial rehabilitation is undertaken in multifamily rental housing projects of any size, these alterations must, to the maximum extent feasible, make the dwelling units accessible to and usable by individuals with disabilities, until a minimum of 5 percent of the dwelling units (but not less than one unit) are accessible to persons with mobility impairments; for this category of less than substantial rehabilitation, the additional 2 percent of the units for persons with sensory impairments does not apply. Also for this category of rehabilitation, if undertaking accessibility alterations imposes undue financial and administrative burdens on the operation of the multifamily housing project, the alterations are not required.

In the case of non-housing facilities involving new construction, the facilities shall be designed and constructed to be readily accessible to and usable by persons with disabilities. For facilities involving alterations, to the extent possible, the alterations should ensure that such facilities are readily accessible to and

usable by individuals with disabilities. An element of an existing non-housing facility need not be made accessible, if doing so, would impose undue financial and administrative burdens on the operation of the recipient program or activity. (However, State law will prevail if State accessibility requirements are stricter than federal 504 requirements.) Recipients are still required to take other actions that would ensure that persons with disabilities receive the benefits and services of the program.

For all programs receiving \$100,000 or more, or construction projects receiving \$200,000 or more, of HUD financial assistance, to the greatest extent feasible, economic opportunities will be given to Section 3 residents and businesses in the area. Section 3 Businesses are defined as businesses: 1) that are at least 51% owned by Section 3 Residents; 2) whose permanent, full-time employees include persons, at least 30 percent of whom are currently Section 3 residents, or within three years of the date of first employment with the business concern were section 3 residents; or 3) that provide evidence of a commitment to subcontract in excess of 25 % of the dollar award of all subcontract to be awarded to a section 3 business concern. This provision covers all Contractors and subrecipients, as well as subcontractors of Contractor or subrecipient, whose names are included in the "List of Parties Excluded from Federal Procurement and Nonprocurement Programs." Inclusion in the aforementioned List during the term of this agreement would constitute grounds for contract termination as described in Sections 1 and 2 herein this Exhibit.
