C/CAG Bicycle and Pedestrian Project Description

TDA Article 3

Fiscal Year 2008-09

TDA ARTICLE 3 PROJECT APPLICATION ADDITIONAL INFORMATION

**D. Has the project been reviewed by a Bicycle Advisory Committee?
(If "NO," provide an explanation). NO**

One of the factors used in evaluating our application is whether a local bicycle and pedestrian advisory committee (BPAC) has reviewed and supports the project. The County of San Mateo does not have its own BPAC because we rely on C/CAG's BPAC in reviewing our pedestrian projects due to the many unincorporated pockets surrounded by cities. However, C/CAG's BPAC has declined to endorse our application, as they will ultimately review all TDA applications.

We believe the support of the Commission on Disabilities' Americans with Disabilities Act (ADA) Compliance Committee, for a pedestrian sidewalk access ramp project will meet the requirements of a substitute BPAC.
