BeneSmart Responsibilities of Employer:

Employer agrees to do the following:

- A. To relay all information necessary for the implementation of automated benefit management services including all information associated with Benefits Carriers, Plans, Eligibility Rules, Billing Rules, Payroll Deduction Rules, content, descriptions, and other relevant information accurately and completely, by the dates stated within the implementation timeline agreed upon by Benesyst and the Employer, recognizing that late or inaccurate information can jeopardize completion by the go-live date and result in additional costs to the Employer. Employer also recognizes that Carriers require at least one month of data interface testing time from the time they receive initial live

(production) data for the first time from Benesyst with respect to the Employer before ID cards can generally be issued.

- B. To develop and provide Benesyst with an electronic file containing the specified data elements according to the specifications and formatting requested by Benesyst.
- C. To export the agreed-upon file containing current, accurate, and complete electronic data on a timely basis and at the agreed-upon frequency so that information in Benesyst's Database remains current and Eligibility, Billing, and Events can be processed in a timely fashion.
- D. To request, in writing, and assure that all existing and future Carriers coordinate Billing and Eligibility directly with Benesyst. Benesyst will operate on a self-billing basis for active employees, COBRA continuees, retirees and other direct-billed continuees, as applicable. To ensure that Benesyst receives Eligibility and Billing data files or data exception files back from Carriers on at least a monthly basis to ensure data alignment. If Carriers are unable to comply with this requirement, and if all Billing is forwarded by a Carrier to the Employer, Employer, at a minimum, will forward to Benesyst a copy of this monthly Billing.
- E. To process and transmit complete consolidated payment received by Benesyst in the form of a check, wire transfer, or ACH Transfer to all applicable Carriers, in the time frame and with the disclosures described in subparagraph P of the immediately preceding section of the Agreement. To the extent that the Billing from Benesyst to Employer includes fees for the services provided by Benesyst, Employer agrees that Benesyst will retain such fees.
- F. To clearly communicate any benefit, Eligibility or other relevant change, including changes in rates, Carriers, Plans, Tiers, Employer contribution/share, etc., or increase or decrease in the optional services provided by Benesyst, in writing to Benesyst in accordance with the implementation timeline, understanding that delays can affect process dependencies resulting in late enrollment, ID card issuance delays and added costs from Benesyst. Changes in Carriers, Plans, tiers or rates must generally be received 60 days prior to the start of Open Enrollment the first and subsequent years, with the exception of rate changes for existing Plans and tiers, which can be submitted before 45 days prior to open enrollment beginning with the second year under Benesyst administration.
- G. To reimburse Benesyst at Benesyst's hourly rate as stipulated in the Schedule of Fees for extra services provided in the event that inaccurate or incomplete information is communicated to Benesyst that necessitates additional or duplicative communication or record keeping functions, or for the management of data transmitted on paper beyond the setup period.

- H. To provide, in exchange for Benesyst's services, compensation as described in the section entitled Fees and Terms of Payment and Term and Termination of Agreement and any attached Schedule of Fees.
- I. To allow Benesyst to list Employer as one of its new clients on the News and Events area of its website.

Fees and Terms of Payment

Employer agrees to pay total fees for implementation and ongoing administration for all services as in the Schedule of Fees at the end of this Agreement. Under the terms of this Agreement Benesyst will begin implementation work necessary to deliver services on the agreed upon date. Employer will pay for the implementation services utilized, as reasonably determined by Benesyst, if services are cancelled at any point during the implementation process.

Employer also agrees to pay total fees for ongoing administration as set forth in this Agreement beginning with the month in which the first Open Enrollment begins. Benesyst will add its PEPM fees to the Employer's monthly Consolidated Billing indicating the total service fees due for the following month. Fees for that month will be payable based on the most recent Employer eligibility data received by Benesyst prior to invoice preparation. Employer will pay Benesyst the stated amount, as billed, by the due date for the respective month's Consolidated Billing. (See Schedule of Fees.)

Each month, in conjunction with the Billing for all Carriers, Benesyst will provide a Billing for its own services per the Schedule of Fees included with this Agreement. Employer will pay Benesyst on a timely basis simultaneously with the timely payment of all other applicable Carriers.

It is Benesyst's standard process to issue invoices approximately 30 days prior to the due date. Invoices that are not paid within 10 days after the due date will be subject to an interest charge of 1.5% per month calculated on the unpaid balance until paid, to the maximum extent permitted by law. Please refer to the Schedule of Fees at the end of this Agreement.

Charges for shipping and handling beyond the scope of this Agreement are payable within seven days of the invoice date.

Separate fees may be chargeable for printed materials, for additional administrative tasks such as payroll cycle changes after the annual election date, and for non-standard reports, as agreed in writing.

Benesyst reserves the right to charge the Employer its prevailing hourly rate if, after the second month of service, inaccurate or incomplete data is communicated to Benesyst that necessitates duplication of administrative functions. This also holds true if data agreed to be communicated electronically is instead communicated by other means or in a format which causes the need for manipulation, adjustment, or reconciliation beyond that normally performed for Benesyst's BeneSmart Services customers.

New fees will be payable as agreed in the amendment, sub-agreement, or agreement which refers to them.

In no event shall the Employer's total fiscal obligation under this Agreement, including but not limited to any fees for implementation, ongoing administration, processing, shipping and handling, printed materials, or other administration tasks, exceed Nine Hundred Sixty-One Thousand, Eight Hundred Forty-Eight dollars (\$961,848).

Rate Guarantee

Benesyst guarantees the rates as shown on the Schedule of Fees for BeneSmart[®] services through May 31st, 2012. Benesyst has the right to change the Schedule of Fees as of June 1st 2012 and as of each Agreement anniversary thereafter, by giving at least 90 days advance written notice to Employer, in writing, via email.

Reports and Data; Record Ownership

Benesyst will provide Employer with all data necessary for the financial management and administrative control of the Plans including Eligibility, Billing, and other accounting reports on a monthly and annual basis or as otherwise mutually agreed by the parties. Such reports will be in the electronic or printed format used by Benesyst under its standard administrative procedures, unless otherwise agreed to by the parties. Records and reports provided by Benesyst to Employer will be maintained by Employer or its Business Units as agreed.

The data contained in all documents, records, and reports, including data recorded in Benesyst's data processing systems (hereinafter "Records") maintained by Benesyst shall at all times be the property of Employer, subject to Benesyst's right to possession and use during the continuance of the Agreement and Benesyst's right to maintain such Records thereafter in such form and for such period of time as Benesyst normally maintains such Records.

 - 5) Without the written consent of the other party either party delegates substantive responsibilities under this Agreement.
- D. This Agreement shall automatically terminate if Employer terminates all applicable Plans.
- E. Upon the receipt of any notice terminating this Agreement, Benesyst shall:

No modification of, or amendment to this Agreement, will be effective unless in writing and signed by both parties. The failure by either party at any time to enforce any of the provisions of this Agreement or any right or remedy shall not constitute a waiver of such provision, right, or remedy or in any way affect the validity of this Agreement. The waiver of any default by either party shall not be deemed a continuing waiver, but shall apply solely to the instance to which such waiver is directed. No waiver shall be effective unless in writing and signed by the party against whom enforcement is sought.

Confidentiality Provisions

Confidentiality: Employer agrees to hold all "Confidential Information" (as defined on Page 3 above) as confidential and to prevent the disclosure of this information to outside parties with the exception of Employer's obligation as a government entity to comply with the Public Records Act, which defines a public record as any writing containing information relating to the conduct of the public's business that has been prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics. The Public Records Act provides that public records shall be disclosed upon request and that any citizen has a right to inspect any public record, unless the document is exempted from disclosure.

Benesyst agrees that any documents believed by Benesyst to be exempted from disclosure under the Public Records Act shall be limited to documents that expose the confidential and proprietary business processes of Benesyst and shall be marked by Benesyst as "Property of Benesyst; Confidential and Proprietary." Benesyst acknowledges that agreements involving the expenditure of public funds, and documents thereto, are "public records" and the Employer does not consider this Agreement (or the information contained therein) and any related documents to be confidential. If the Employer receives a request for this Agreement or any documents related to this Agreement, Benesyst acknowledges that the Employer will produce records not marked "Property of Benesyst; Confidential and Proprietary" in response to such request. Benesyst further acknowledges and agrees that Employer will not assert any privileges that may exist on Benesyst's behalf with respect to documents marked "Property of Benesyst; Confidential and Proprietary." Rather the Employer will undertake reasonable efforts to notify Benesyst of such public records request. Benesyst acknowledges that Employer may determine that documents marked "Property of Benesyst; Confidential and Proprietary" may nevertheless need to be produced to a third party in compliance

with the Public Records Act. Benesyst agrees that if it desires to prevent disclosure of documents marked “Property of Benesyst; Confidential and Proprietary,” it is Benesyst’s sole responsibility to assert any applicable privileges or reasons why such document(s) should not be produced and, if necessary, to obtain a court order prohibiting disclosure and that the cost of any such action will be borne by Benesyst.
