WITNESSETH:

WHEREAS, Contractor applied for funding assistance for development of approximately 108 units of multifamily housing at 636 El Camino Real, South San Francisco ("Project"); and

WHEREAS, Contractor is affiliated with the Mid-Peninsula Housing Coalition, which set up a limited partnership to take advantage of tax credits for the Project; and

WHEREAS on May 19, 2009, by Resolution No. 070107, the Board approved the expedited ARRA approval funding process, which resulted in an allocation of \$375,000 CDBG-R funds for the Project; and

Whereas on May 5, 2009 and April 27, 2010, by respective Resolution Nos. 070075 and 070712, the Board approved the CDBG/ESG/ HOME Action Plans for FY 2009/2010 and FY 2010/2011, which approved the off-cycle housing allocation process (FY 2009/2010) and approved direct funding for the Project (FY 2010/2011), both of which resulted in supplemental funding allocations for the Project; and

Whereas, while total funding from CDBG-R (\$375,000), CDBG (\$796,531), and HOME (\$617,312) amount to \$1,778,843 for the Project, this agreement will focus only on CDBG-R funds of \$375,000, in accordance with HUD requirements for separate contracting; and

Whereas, CDBG/HOME funding of \$1,413,843 will be the subject of a separate funding agreement for the Project; and

WHEREAS, it is necessary and desirable that Contractor receive funding assistance for the purpose of assisting in the development of the Project;

NOW, THEREFORE, IT IS HEREBY AGREED BY THE PARTIES HERETO AS FOLLOWS:

1. Exhibits

The following exhibits and attachments are included hereto and incorporated by reference herein:

- Exhibit A – Program/Project Description
- Exhibit B – Disbursements and Rates
- Exhibit C – Contractor Declaration Form
- Exhibit D – Additional Program Requirements
- Exhibit E – 504 Compliance

Notwithstanding any other provisions of this Agreement, in the event of a conflict between the terms of this Agreement and those of an Exhibit, the terms of the Exhibit will control.

2. Services to be performed by Contractor

In consideration for the funding assistance set forth herein and in Exhibit "B," Contractor shall perform the services (hereinafter referred to as the "services" or the "work") necessary to implement the Program/Project as described in Exhibit A. For the purposes of this contract "Program" or "Project" may be used interchangeably.

3. Payments

In consideration of the services provided by Contractor in accordance with all terms, conditions and specifications set forth herein, County shall disburse funding assistance to Contractor in the form of payments based on the rates and in the manner specified in Exhibit "B." The County reserves the right to withhold disbursements if the County determines that the quantity or quality of the work performed is unacceptable. In no event will the County's total fiscal obligation under this Agreement exceed **Three Hundred Seventy Five Thousand Dollars (\$375,000)**.

4. Term and Termination

Subject to compliance with all terms and conditions, the term of this Agreement will be from upon execution through fifty-five years, unless otherwise modified in Exhibit A.

Notwithstanding the Term set forth above, or any provision of this Agreement or its attachments to the contrary, this Agreement shall remain in effect and force until all services and deliverables set forth in Exhibit A have been completed and all funding assistance described in Exhibit B has been disbursed, or until the expiration of the Term as set forth above, whichever event occurs last.

County may terminate this Agreement for cause after giving Contractor written notice of any breach or default and after the expiration of 30 days from the date of such notice to cure said breach or default, if Contractor fails to cure said breach or default to the satisfaction of County, in County's sole discretion. County may terminate this Agreement without cause after giving Contractor 60 days' written notice.

County reserves the right to waive any and all breaches of this Agreement, and any such waiver will not be deemed a waiver of all previous or subsequent breaches. In the event County chooses to waive a particular breach of this Agreement, it may condition same on payment by Contractor of actual damages occasioned by such breach of Agreement and shall make every effort to resolve the same quickly and amicably.

5. Availability of Funds

The County may terminate this Agreement or a portion of the services referenced in the Attachments and Exhibits based upon unavailability of Federal, State, or County funds, by providing written notice to Contractor as soon as is reasonably possible after the County learns of said unavailability of outside funding.

6. Relationship of Parties

Contractor agrees and understands that the work/services performed under this Agreement are performed as an independent Contractor and not as an employee of the County and

that Contractor acquires none of the rights, privileges, powers, or advantages of County employees.

7. Hold Harmless

Contractor shall indemnify and save harmless County, its officers, agents, employees, and servants from all claims, suits, or actions of every name, kind, and description, brought for, or on account of: (A) injuries to or death of any person, including Contractor, or (B) damage to any property of any kind whatsoever and to whomsoever belonging, (C) any sanctions, penalties, or claims of damages resulting from Contractor's failure to comply with the requirements set forth in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and all Federal regulations promulgated thereunder, as amended, or (D) any other loss or cost, including but not limited to that caused by the concurrent active or passive negligence of County, its officers, agents, employees, or servants, resulting from the performance of any services or work provided by Contractor or payments made pursuant to this Agreement, provided that this will not apply to injuries or damage for which County has been found in a court of competent jurisdiction to be solely liable by reason of its own negligence or willful misconduct.

The duty of Contractor to indemnify and save harmless as set forth herein, will include the duty to defend as set forth in Section 2778 of the California Civil Code.

8. Assignability and Subcontracting

Contractor shall not assign this Agreement or any portion thereof to a third party or subcontract with a third party to provide services required by Contractor under this Agreement without the prior written consent of County. Any such assignment or subcontract without the County's prior written consent will give County the right to automatically and immediately terminate this Agreement.

9. Insurance

The Contractor shall not commence work or be required to commence work under this Agreement unless and until all insurance required under this paragraph has been obtained and such insurance has been approved by Risk Management, and Contractor shall use diligence to obtain such issuance and to obtain such approval. The Contractor shall furnish the County with certificates of insurance evidencing the required coverage, and there shall be a specific contractual liability endorsement extending the Contractor's coverage to include the contractual liability assumed by the Contractor pursuant to this Agreement. These certificates will specify or be endorsed to provide that thirty (30) days' notice must be given, in writing, to the County of any pending change in the limits of liability or of any cancellation or modification of the policy.

- (1) **Worker's Compensation and Employer's Liability Insurance** The Contractor shall have in effect during the entire life of this Agreement Workers' Compensation and Employer's Liability Insurance providing full statutory coverage. - (2) **Liability Insurance** The Contractor shall take out and maintain during the life of this Agreement such Bodily Injury Liability and Property Damage Liability Insurance as will

protect him/her while performing work covered by this Agreement from any and all claims for damages for bodily injury, including accidental death, as well as any and all claims for property damage which may arise from contractors operations under this Agreement, whether such operations be by himself/herself or by any sub-contractor or by anyone directly or indirectly employed by either of them. Such insurance will be combined single limit bodily injury and property damage for each occurrence and will be not less than the amount specified below.

Such insurance will include:

- (a) Comprehensive General Liability \$1,000,000
- (b) Motor Vehicle Liability Insurance \$1,000,000
- (c) Professional Liability \$1,000,000

County and its officers, agents, employees and servants shall be named as additional insured on any such policies of insurance, which will also contain a provision that the insurance afforded thereby to the County, its officers, agents, employees and servants will be primary insurance to the full limits of liability of the policy, and that if the County or its officers and employees have other insurance against the loss covered by such a policy, such other insurance will be excess insurance only.

In the event of the breach of any provision of this section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, the County of San Mateo at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work pursuant to this Agreement.

In consideration of the payments set forth in Exhibit B, Contractor shall perform the following services: Eligible costs associated with relocation of residents on the Property at 636 El Camino Real, South San Francisco ("Property") in preparation for the development of approximately 108 units of multi-family housing ("Project"). Eligible costs, include, but are not limited to: relocation consultant, required noticing costs, replacement housing search costs, and costs related to temporary and permanent housing assistance including moving and related costs, rent payments and differentials, and as necessary, downpayment assistance for home purchase. Contractor will comply with federal and state relocation requirements. Federal requirements are summarized in a subsequent section herein this Exhibit.

2. Funding is provided in the form of a loan in accordance with terms described below. Funding provided in this agreement is from the following source:

	CDBG-R*	CDBG	HOME	OTHER	TOTALS
FY 2009-10	\$375,000	\$ -0-	\$ -0-	\$-0-	\$375,000

*Funding source is federal stimulus money under the CDBG-R Program, and as such, must be expended by September 12, 2012. Contractor will spend these funds in accordance with this Agreement by aforementioned date. Pursuant to CDBG-R regulations, any funds not expended by September 12, 2012 will be recaptured by HUD and returned to the U.S. Treasury.

3. NEPA Environmental Review: Prior to disbursement of funds under this agreement, a HUD-required environmental review (ER) under the National Environmental Protection Act (NEPA) will be undertaken by DOH to determine any environmental impacts on the physical and built environment. Non-staff costs to prepare the ER will be deducted from the proceeds of funding provided in this agreement. In no case will funds be disbursed to Contractor for the Project until completion of the ER to the satisfaction of the County Department of Housing ("DOH").

Contractor is made aware that if the Project is determined not to meet environmental requirements, Contractor shall take no action which would create an adverse environmental impact or limit the choice of reasonable alternatives. Contractor shall not proceed with undertaking any work or activities prior to completion of the NEPA review; except in accordance with 24 CFR 58.22 (d), if the activity is real property acquisition, Contractor may proceed with payment of an option fee pursuant to a pre-existing legally binding contract prior to the completion of the NEPA process, but Contractor does so at its own risk subject to the following conditions: (1) the option agreement must be subject to a County determination on the desirability of the property for the Project as a result of the completion of the environmental review; and (2) the option fee must be nominal (less than or equal to 10% of the purchase or acquisition costs).

4. Conditional Commitment of Funds. Should the NEPA process not be completed prior to execution of this agreement, notwithstanding any provision of this agreement, the parties hereto agree and acknowledge that this agreement does not constitute a commitment of funds or site approval, and that such commitment of funds or approval may occur only after satisfactory completion of environmental review and receipt by the County of San Mateo of a release of funds from the U.S. Department of Housing and Urban Development. The parties further agree that the provision of any funds to the Project is conditioned on the County's determination to proceed with, modify or cancel the Project based on the results of a subsequent environmental review, as necessary. In the event this agreement is a conditional commitment of funds, upon successful completion of the NEPA process, the parties shall execute an amendment to this agreement confirming the Project and/or work scope assisted with funds provided in this agreement. County execution of such amendment will be undertaken by the Director of DOH unless other considerations are included in the amendment that would warrant County execution by other than DOH Director.
5. NEPA Conditions of Approval: Should the ER establish conditions of approval for funding, Contractor shall comply with these conditions. DOH will require a separate written assurance regarding Contractor compliance.

As of the date of this Agreement, parties to this Agreement acknowledge that the ER has been completed and has resulted in an enumeration of NEPA Conditions of Approval for air quality and noise.

6. Davis-Bacon Prevailing Wage: As provided in Exhibit D herein, for applicable construction projects, Contractor shall comply with federal requirements requiring the payment of prevailing wages, as determined by the U.S. Department of Labor, to all laborers and mechanics on construction projects funded with federal funds. In summary, the following project types are subject to the Davis-Bacon prevailing wage requirements: CDBG assistance of housing construction activities of projects involving 8 or more units; CDBG assistance of non-housing projects (public facilities) in which the construction contract exceeds \$2,000; and HOME assistance of housing projects in which HOME is assisting 12 or more units. Contractor is directed to www.gpo.gov/davisbacon/ for compliance information, including the applicable Wage Determination.
7. Displacement, Relocation, and Acquisition. In accordance with Exhibit D regarding Relocation Assistance and Real Property Acquisition Policies Act of 1970, and as applicable HOME and CDBG regulations at respectively 24 CFR 92.353 and 24 CFR 570.606, Contractor shall take all reasonable steps to minimize the displacement of persons (families, individuals, businesses, nonprofit organizations and farms) as a result of the Project. As applicable, Contractor shall be responsible for meeting compliance with requirements of the aforementioned regulations and shall include relocation costs in the Project budget to determine total Project costs.
8. Performance Period. Contractor shall complete the Project during the Performance Period, defined as the segment of time to perform or accomplish the activities described above in *Project Description*. The performance period begins upon execution of this Agreement and ends on December 31, 2012. Failure to complete the

activities described in Project Description during the Performance Period will constitute a breach of the terms of this Agreement, provided, however, the Performance Period may be extended at the sole discretion of the Director of the DOH. During the Performance Period, Contractor shall submit required quarterly progress reports described later herein.

9. Compliance Period: The Compliance Period is defined as the time frame beginning the day after the completion of the Performance Period and ending no earlier than fifty-five (55) years from the first day of the Compliance Period. The Compliance Period will begin the first day after the date of issuance of the Certificate of Occupancy, the Certificate of Completion, or some other document acceptable to DOH. Within 90 days of the beginning of the Compliance Period, Contractor shall provide DOH with a completion report and client beneficiary profile on forms provided by the DOH. Within 90 to 180 days after the beginning of the Compliance Period, Contractor shall provide DOH with a housing completion report and tenant profile described below on forms provided by the DOH. Upon Contractor request to DOH, the due dates for these reports may be extended to accommodate a longer lease-up period as the case may be. The aforementioned forms are accessible on the DOH website, accessible on DOH website, www.smchousing.org.

Thereafter on an annual basis during the Compliance Period, or more often if required by the County, Contractor shall provide the County with information necessary to monitor the Project relating to program compliance matters. Annual information required will include: evidence of continuing fire and liability insurance; annual certified financial audit; tenant incomes and rents; and any other compliance information as may be required by the County.

10. Quarterly Performance Reporting: During the Performance Period, Contractor shall submit to DOH a Quarterly Performance Report within 30 days of the end of each quarter. The report should be in the form of a narrative description of all activities performed in relation to the project including all pre-development activities. The report should include a project time-line and indicate the status of the project in relationship to this time-line. Contractor must document any changes from the time-line submitted with the original application. Quarterly performance reports will be provided to DOH during the course of the Project until after Project completion, even if all of the funds provided under this Agreement have been expended. This report requirement is in addition to any information submitted with requests for reimbursement.
11. Project Completion Reporting. Upon completion of the project, Contractor shall provide the following reports depending on the Project type and in a format provide by DOH: Tenant Profile; and Project Financial Completion Report, which shows the total of all funds expended for the Project. A more detailed description of these reports can be found in the "Compliance" paragraph earlier. All forms are accessible on the DOH website, www.smchousing.org.
12. Monitoring: In accordance with Paragraph 13 herein, *Retention of Records, Right to Monitor and Audit*, during the Performance and Compliance Periods, DOH may undertake monitoring of Contractor's records and premises for program compliance. Contractor shall be given adequate notice of any monitoring. Contractor shall maintain

all required records for a period of five (5) years after the end of the Compliance Period.

During the Compliance Period, DOH will conduct a monitoring review of Project periodically according to HUD requirements for affordability and other standards. Monitoring visits will consist of the following:

- (1) On-site inspections of selected units/common areas and resident files. All units and files need to be accessible during the monitoring visit for random sampling.
 - (2) Verification of Contractor-completed Tenant Profile form, as applicable, required by HUD, containing demographic information such as race/ethnicity, and income verification. If a resident refuses to provide race/ethnicity, Contractor may make a visual observation and note in the application that the resident declined to answer. Income verifications should be completed on an annual basis.
13. Contract Number: All correspondence, invoices, payments, and reports must include the County contract number.
14. Rents and Occupancy: Project financing is anticipated to include proceeds from low-income tax credits and or tax-exempt bonds. As such, the Project rents and occupancy will be restricted by this funding source to low income occupancy with affordable rents. Financing provided under this Agreement is not intended to make the rents and occupancy more restrictive than those required by this or other affordable housing finance sources. Compliance with these other requirements will constitute compliance with County requirements.
15. Security/Term: Should the funding provided in this agreement be from more than one source, separate Promissory Notes ("Note") and Deeds of Trust will be executed for each funding source. For each funding source prior to any disbursement of funds, Contractor shall execute and deliver a Promissory Note in the amount indicated below and a Deed of Trust in favor of the County to secure the performance of all terms and conditions of the Note and this Agreement.

Funding Source	Note Amount	Deed of Trust Amount
CDBG-R	\$375,000	\$375,000

The Note[s] will be non-recourse. The Deed[s] of Trust will be recorded in the Office of the Recorder of the County of San Mateo. The Deed[s] of Trust may be subordinate to any liens of Contractor's construction and permanent financing. County agrees to execute subordination agreements reasonably requested by Contractor's construction and permanent lenders.

For each Note, no interest will accrue on the Note until Project Completion. Interest at the rate of three percent (3%) simple will be charged annually, commencing on the first day of the first month following the issuance of the Certificate of Occupancy, Notice of Completion, or some other document evidencing completion acceptable to DOH. Payment in full on the Note, including any accrued interest, will be due and payable no later than Fifty-Five (55) Years after receipt of the afore-mentioned completion

document for the Project ("Note Maturity"). The Note and Deed of Trust will be executed prior to any disbursement of funds under this Agreement.

16. **Repayment**. **The provisions and requirements in this and foregoing sections will refer to each Note unless stated otherwise.**

Annual payments on the Note will be made from Project Operations, which begins on the day after Project receives a Certificate of Occupancy. Annual payments will be equal to the lesser of: (a) fifty percent of Residual Receipts, with payment amount determined by amount of County funding provided in this Agreement as a proportion of all local funding (to be confirmed by DOH and Contractor in writing outside of this Agreement), or (b) equal annual payments amortized to pay the loan in full by Note Maturity.

Payment will be first applied to outstanding interest and then to principal until the Note is paid in full. In the event this payment is less than accumulated interest owed plus current interest, any unpaid interest will carry over to the following year. Interest will not compound on this interest carry-over. The entire outstanding principal balance plus any unpaid accrued interest will be due and payable upon Note Maturity.

The first payment will be due no later than 120 days after the end of the Project's fiscal year. A copy of the annual independent financial audit will also be delivered to the County not later than 120 days after the end of each of the Project's fiscal years.

Residual Receipts will mean, with respect to the Project's fiscal year, the amount by which Gross Revenue exceeds Annual Operating Expenses, as defined below.

"Gross Revenue" is defined as all rental and incidental income from the Project, but excluding tenant security deposits, and any interest earned on said deposits.

"Annual Operating Expenses" means costs reasonably and actually incurred for operations and maintenance of the Project to the extent that they are consistent with an annual independent audit performed by a certified public accountant using generally acceptable accounting principles. A copy of the audit will be delivered with payment as specified above. Costs associated with the Project Operations and maintenance include the following: property and other taxes and assessments imposed on the Project; premiums for property damage and liability insurance; utility services not paid for directly by the tenants, including but not limited to water, sewer, trash collection, gas and electricity; maintenance and repair including but not limited to pest control, landscaping and grounds maintenance, painting, and decorating, cleaning, common systems repairs, general repairs, janitorial supplies, and others; any license or certificates of occupancy fees required for operation of the Project general administrative expenses including but not limited to advertising, marketing, security services and systems, professional fees for legal, audit, accounting and tax returns, and other; property management fees and reimbursements including on-site manager expenses, not to exceed fees and reimbursements which are standard in the industry and pursuant to a management contract approved by the County (which such approval will not be unreasonably withheld); asset management fees; annual cash deposited into a reserve for capital replacements of Project improvements in an amount

required by Contractor's senior lenders; cash deposited into an operating reserve for the Project and such other reserves as may be required by the Contractor's Partnership Agreement or the Contractor's senior lenders; payments of any deferred developer fees; annual partnership management fee of Thirty- Seven Thousand Dollars in the first year of Project Operations and increasing by three and one-half percent (3.5%) each year thereafter; any advances by partners required under the Partnership Agreement, if applicable, of Contractor and any fees to partners required under the Partnership Agreement of the contractor; and debt service payments of loans in senior position to this Loan. Annual operating expenses will not include the following: depreciation, amortization, depletion, or other non-cash expenses, or any amount expended from a reserve account.

17. Prepayment. Prepayments may be made at any time without penalty.

18. Due on Sale, Refinance or Transfer of Title. Parties to this Agreement acknowledge that the Project will consist of two Phases for tax credit financing purposes, and as such, the funding provided in this Agreement will be restructured to accommodate the tax credit and/or tax-exempt financing. Other than this exception, Contractor shall not assign its rights under this Agreement without obtaining the prior written consent of the Director or his/her designee, or sell or refinance the Property or Project other than a refinance for a permanent loan to repay any interim loans taken out to undertake the construction of the Project. In the event of a sale or transfer of the Project or any interest therein by Contractor without such consent, the entire principal balance of the Note, including any accumulated interest, will be immediately due and payable, provided, however, the assignment or transfer of the Project to a partnership for purposes of syndicating low income tax credits and in which the Contractor or a nonprofit affiliate of the Contractor or a limited liability company whose members are a nonprofit affiliate of the Contractor, shall not be considered a sale or transfer of the Project.

19. Acceleration of Note. In the event Contractor breaches any of the terms and conditions of this Agreement, and thirty (30) days after receiving written notice of such breach Contractor has failed to cure the breach to County's satisfaction, Contractor will be in default of the terms and conditions of this Agreement as well as the Note, and the County may demand immediate and full payment of the principal amount of this Note and any accrued interest, and/ or may initiate foreclosure proceedings under the Deed of Trust.

Default may result from:

- a. Failure of Contractor to make any payment hereunder as when and due;
- b. Failure of Contractor to perform or observe any terms or provisions of this Agreement;
- c. Use of funds under this Agreement for purposes not approved by the County; or

At the close of escrow, Contractor shall obtain a CLTA policy of title insurance in an amount not less than the face value of the Note, clear of any title defects which would prevent the operation of the proposed Project. Contractor shall be responsible for paying all recording fees, escrow fees, the premium for the title insurance policy, all fees and cost for any new financing, and shall pay any applicable transfer taxes.

21. Fire and Extended Coverage. Contractor at its costs shall maintain on the Project a policy of standard fire and extended coverage during the life of the Note and Deed of Trust securing this Agreement, or any subsequently executed document which replaces the Note and Deed of Trust, with vandalism and malicious mischief endorsements, to the extent of at least the full replacement value of the improvements which are part of the premises. The insurance policy must be issued in the names of Contractor and the County as their interests appear. The insurance policy must contain a lender's loss payable endorsement, providing that any proceeds will be payable to the County as its interests appear and will be subject to the interest of senior lenders.

Subject to the requirements of senior lenders in the event that Contractor shall undertake to restore the damaged improvements or to reconstruct the destroyed improvements within a period of sixty (60) days of receipt of insurance proceeds, such insurance proceeds received by the County will be released to Contractor as payments are required for said purposes, and upon completion of such restoration or reconstruction, any balance thereof remaining will be paid to Contractor forthwith, **subject to the rights of senior lenders.**

In the event that Contractor shall fail to undertake the restoration or reconstruction of such improvements within sixty (60) days after receipt of insurance proceeds following any such damage or destruction, there will be paid and released to the County from such insurance proceeds a sum equal to the cost of clearing the premises in the event Contractor does not at its own expense clear the premises within said period. **Subject to the rights of senior lender,** the balance will be held to compensate the parties to this Agreement as if the premises were sold. Subject to the requirements of senior lenders, Contractor shall also sell the vacant land on the open market and the proceeds of said land sale will be **paid to the County to repay the loan subject to the rights of senior lenders.**

22. Notification to County of Lease-Up and Tenant Marketing. Contractor shall provide the County with a copy of Contractor's tenant marketing plan for the Project plus notices advertising availability of units. The County shall, in turn, advertise any Project openings or vacancies through its on-going housing informational communication to outside agencies.

Permanent historical signage in the form of an 8' x 10" bronze plaque will be provide by the DOH and may be reimbursed from loan proceeds as a project cost. Except in cases in which funding provided in this agreement will be used for property acquisition, funding assistance by County will be provided upon submission of reimbursement requests by Contractor to the County. Requests for reimbursement will include copies of invoices paid together with warrants, canceled checks, or other proof that the invoices have been paid. The request must include a brief narrative description of the progress of the project and the items being reimbursed.

Contractor shall certify in writing that the specific services for which funding assistance is being requested have been satisfactorily completed, that the amounts requests are proper and that all such amounts are being or have been expended on behalf of and exclusively for the project. The County reserves the right to verify such completion prior to payment to Contractor.

For property acquisition, County shall deposit funds into an escrow held by a title company mutually approved by County and Contractor, in accordance with County enabling instructions. County funds deposited into escrow will be used by the title company to consummate the transaction within the acceptable time constraints of CDBG and/ or HOME, as the case may be.

In the event of a questionable reimbursement request by Contractor, County shall state in writing the specific nature of its objections to the request. The County shall also specify what actions or changes are necessary to make the work acceptable. Contractor shall respond to County within 15 days of receipt of such objections. The parties to this Agreement shall meet to discuss such objections at the request of either party. The County will not be obligated to make reimbursement for any amount requested until any and all objections to the request, including but not limited to the adequacy of the services rendered or the amount of the reimbursement request, have been resolved.

None of the funding assistance provided under this Agreement shall be used to support Contractor's program administration, including salary, fringe benefits or other compensation of its employees or affiliates.

2. AGREEMENT TERMINATION

In the event Contractor is unable to fulfill its responsibilities under this Agreement for any reason whatsoever, including circumstances beyond its control, County may terminate this Agreement in whole or in part in the same manner as for breach hereof.

3. CONFLICT OF INTEREST

No members, officers, or employees or agents of County, no member of the County's Board of Supervisors, and no other public official who exercises any function or responsibility with respect to this Program during his/her tenure, or for one year thereafter, shall have any financial interest, direct or indirect, in this Agreement or a related subcontract, or the proceeds thereof.

During his/her tenure, and for one year thereafter, no member, officer, board member or employee or agent of Contractor who exercises any function or responsibility with respect to Contractor's performance hereunder, shall have any personal financial interest, direct or indirect, in any real property or improvements receiving a direct benefit from the Program. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award.

Contractor shall not contract with any third party or subcontractor that will cause a violation of the preceding paragraph. Contractor shall incorporate the above provision into all contracts awarded in connection with this Agreement.

B. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, Contractor will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions; and

C. The language of paragraphs 5A and 5B will be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

6. COMPLIANCE WITH FEDERAL LAWS AND REGULATIONS

Contractor, to the extent applicable to this Agreement, shall comply with the following Federal laws and regulations as set forth in 24 CFR §§570.600-612:

A. Public Law 88-352, Title VI of the Civil Rights Act of 1964, which provides that no person in the United States shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance, including community development funds, on the grounds of race, color, or national origin.

B. Public Law 90-284, Fair Housing Act (42 U.S.C. §§3601- 20), which provides that it is the policy of the United States to provide, within constitutional limitations, fair housing throughout the United States and prohibits any person from discriminating in the sale, rental, or financing of housing on the basis of race, color, religion, sex, national origin handicap or familial status. The Fair Housing Act, as amended in 1988, also establishes requirements for the design and construction of new rental or for sale multifamily housing to ensure a minimum level of accessibility for persons with disabilities. Multifamily dwelling units in buildings containing 4 or more units served by one or more elevators, or ground floor dwellings units with 4 or more units, constructed for first occupancy after March 13, 1991, must be designed and constructed in a manner that the public and common use portions of such dwellings are readily accessible to and usable by disabled persons. All premises within such dwellings must incorporate features of adaptive design regarding accessibility routes into and through the dwelling and design features within the units. (Regarding accessibility design issues, State accessibility requirements will prevail if they are stricter than federal requirements.)

C. Age Discrimination Act of 1975, which prohibits discrimination on the basis of age in the delivery of services, programs or benefits supported by Federal funds.

D. Rehabilitation Act of 1973, Section 504, which prohibits discrimination against otherwise qualified handicapped persons in the provision of programs, facilities and employment supported by Federal funds.

In the case of multifamily rental housing, projects of five or more units must be designed and constructed to be readily accessible to and usable by persons with disabilities. For new construction involving five or more units, and substantial rehabilitation projects of 15 or more units (with substantial rehabilitation defined as rehabilitation costs representing 75 percent or more of the replacement costs of the completed facility), the following requirements must be followed - a minimum of 5 percent of the dwelling units must be accessible to individuals with mobility impairments and an additional 2 percent accessible to individuals with sensory impairments. At the minimum, one unit will be made accessible to mobility-impaired individuals and one unit accessible to sensory impaired individuals. When less than substantial rehabilitation is undertaken in multifamily rental housing projects of any size, these alterations must, to the maximum extent feasible, make the dwelling units accessible to and usable by individuals with disabilities, until a minimum of 5 percent of the dwelling units (but not less than one unit) are accessible to persons with mobility impairments; for this category of less than substantial rehabilitation, the additional 2 percent of the units for persons with sensory impairments does not apply. Also for this category of rehabilitation, if undertaking accessibility alterations imposes undue financial and administrative burdens on the operation of the multifamily housing project, the alterations are not required.

In the case of non-housing facilities involving new construction, the facilities will be designed and constructed to be readily accessible to and usable by persons with disabilities. For facilities involving alterations, to the extent possible, the alterations should ensure that such facilities are readily accessible to and usable by individuals with disabilities. An element of an existing non-housing facility need not be made accessible, if doing so, would impose undue financial and administrative burdens on the operation of the recipient program or activity. (However, State law will prevail if State accessibility requirements are stricter than federal 504 requirements.) Recipients are still required to take other actions that would ensure that persons with disabilities receive the benefits and services of the program.

E. Davis-Bacon Act, which requires that all laborers and mechanics employed by contractors or subcontractors on construction work financed in whole or in part with Federal funds will be paid prevailing wages of the locality as determined by the Secretary of Labor.

F. Section 3, Housing & Urban Development Act of 1968. For all programs receiving \$100,000 or more, or construction projects receiving \$200,000 or more, of HUD financial assistance, to the greatest extent feasible, economic opportunities will be given to Section 3 residents and businesses in the area. Section 3 Residents are defined as: 1) residents of public housing; or 2) low and very-low income persons living in the area. Section 3 Businesses are defined as businesses: 1) that are at least 51% owned by Section

3 Residents; 2) whose permanent, full-time employees include persons, at least 30 percent of whom are currently Section 3 residents, or within three years of the date of first employment with the business concern were Section 3 residents; or 3) that provide evidence of a commitment to subcontract in excess of 25 % of the dollar award of all subcontract to be awarded to a Section 3 business concern. Contractors must maintain appropriate documentation of their efforts to comply with Section 3 requirements.

G. Flood Disaster Protection Act of 1973, which provides that no federal financial assistance for acquisition or construction purposes may be approved for an area having special flood hazards unless the community in which the area is located is participating in the National Flood Insurance Program.

H. Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, which provides for relocation assistance for any family, individual, business, non-profit organization or farm displaced as a result of acquisition of property with federal funds.

I. Executive Order 11246, as amended by Executive Order 12086, Equal Employment and Contracting Opportunities, which provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in all phases of employment during the performance of federally assisted construction contracts.

J. Housing and Urban Development Act of 1968, Section 3, which requires that, in the planning and carrying out of any project assisted under the Act, that to the greatest extent feasible, opportunities for training and employment be given to low- and moderate-income persons residing within the unit of local government in which the project is located, and that contracts for work in connection with the project be awarded to eligible business concerns which are located in, or owned in substantial part by persons residing in the same unit of local government as the project.

K. Lead-Based Paint Poisoning Act, which prohibits the use of lead-based paint in residential structures constructed or rehabilitated with Federal assistance.

L. Housing & Community Developments Act of 1974, 24 CFR Part 5, which provides that assistance will not be used directly or indirectly to employ, award contracts to, or otherwise engage the services of, or fund any Contractor or sub recipient during any period of debarment, suspension, or placement in ineligibility status under the provisions of 24 CFR part 24. This provision covers all Contractors and subrecipients, as well as subcontractors of Contractor or subrecipient, whose names are included in the "List of Parties Excluded from Federal Procurement and Nonprocurement Programs." Inclusion in the aforementioned List during the term of this agreement would constitute grounds for contract termination as described in Sections 1 and 2 herein this Exhibit. The aforementioned List can be found on the Web at <http://epls.arnet.gov>.

7. UNIFORM ADMINISTRATIVE REQUIREMENTS

A. Contractor, if a governmental entity or public agency, will comply with the requirements and standards of OMB Circular No. A-87, "Principles for Determining Costs Applicable to Grants and Contracts with State, Local and Federally Recognized Indian Tribal Governments", OMB Circular A-133, "Audits of State, Local Governments and Non-

Profit Organizations”, and applicable sections of 24 CFR §85 “Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments”, as set forth in 24 CFR §570.502(a).

B. Contractor, if a non-profit organization, shall comply with the requirements and standards of OMB Circular No. A- 122, “Cost Principles for Non-Profit Organizations”, OMB Circular A-133 Audits of State, Local Governments and Non-Profit Organizations”, and applicable Attachments to OMB Circular No. A-110, as set forth in 24 CFR §570.502(b).

8. RETENTION OF RECORDS

Notwithstanding Section 13 A of the Agreement, the Contractor shall retain all financial records, supporting documents, statistical records, and all other records pertinent to the Agreement for a period of five (5) years after completion of all services rendered under this Agreement.

9. CDBG PROGRAM INCOME

If specifically authorized in this agreement, Contractor may keep CDBG program income. In all cases CDBG program income must be used for CDBG eligible activities. Program income is defined at 24 CFR 570.500 as gross income that is directly generated from the use of CDBG funds. Program income includes, but is not limited to: proceeds from the disposition by sale or long-term lease of real property purchased or improved with CDBG funds; proceeds from the disposition of equipment purchased with CDBG funds; gross income from the use or rental of real or personal property acquired with CDBG funds, less costs incidental to generation of the income; and gross income from the use or rental of real property that was constructed or improved with CDBG funds, less costs incidental to generation of income. For activities funded with CDBG funds, Contractor shall comply with CDBG program income requirements at 24 CFR 570.503 and 504. Unless specifically designated otherwise by the County herein, any program income on hand when the agreement expires, or received after the agreement’s expiration, will be transferred to the County.

10. REVERSION OF ASSETS, INCLUDING REAL PROPERTY

Upon expiration or completion of the performance period in agreements providing CDBG funds for real property, any real property under Contractor’s control that was acquired or improved in whole or in part with CDBG funds (including CDBG funds provided to Contractor in the form of a loan) must either be: used to meet one of the national objectives in Section 570.208 until five (5) years after expiration of the agreement, or for such longer period as the County may determine to be appropriate; or not used to meet one of the national objectives, in which event the Contractor shall pay the County an amount equal to the current market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for the acquisition of, or improvements to, the property. The payment is program income to the County. After elapse of the aforementioned specified time, treatment of the CDBG-assisted asset is specifically designated in this agreement through reconveyance of the deed of trust, as the case may be, and/or some other mutually agreed-upon asset disposition plan between County and Contractor.
